U.S. Warns Of Folly Of Middle East War

Presses For Mediation Of Troubles

WASHINGTON (AP)—The United States and Britain were moving with one-two diplomacy Thursday to coax Israel and Egypt away from hostilities and into negotiations to settle their long dispute.

The State Department, taking President Eisenhower's Middle East policy declaration Wednesday as its text, laid down this rule:

"We would be strongly opposed to the side which starts a war and would be very favorably disposed to the side which convinces us that it desires to maintain peace."

The department warned that war would be "utter folly."

The spokesman who issued this statement, Lincoln White, compared a British mediation offer made last night to peace proposals put forward Aug. 26 by Secretary of State Dulles. He said there was a "close parallel."

The French, who guaranteed Middle East peace along with Britain and the United States five and a half years ago, did not appear prominently in the current picture. Indeed, French sources confided they were pretty much in the dark about present British and American diplomacy in the Middle East.

LONDON (AP)—Britain Thursday told its ambassadors in the Israeli and Arab capitals to press for acceptance of Prime Minister Eden's offer to mediate in the Palestine dispute.

The Foreign Office said the envoys will express the "warm hope of Her Majesty's government for a peace settlement" and seek answers to Eden's peace appeal.

In a speech Wednesday night Eden said "the British government and I personally are available to render any service" to bring about an Arab-Israeli peace. He reiterated the British-American offer to guarantee a settlement.

In a statement on the Eden declaration, the Israeli Embassy said Israel is ready "to meet Arab representatives, without preconditions on either side, for the amicable discussion of a just and lasting peace."

Howell To Resign As Chairman Of Road Commission

SPRINGFIELD, Ill. (AP)—Evan Howell announced Thursday he will resign as chairman of the Illinois Toll Road Commission and Gov. Stratton said he is already shopping around for a successor.

Howell, frequently criticized during the two years he has headed the commission, said he will quit "in a matter of several weeks" and return to private law practice.

Asked at a news conference if Howell is resigning at his request, Stratton said:

"No, he came to me Wednesday and suggested it. He said he felt the toll road program had reached the stage where the chief legal and financial problems have been solved and he would like to go back to private law practice."

Without revealing their names, the governor said he has two men in mind for Howell's job and expects to talk to them soon.

Howell was rebuked by a special Illinois House investigating committee last June for some of his conduct as toll road chairman. One of the chief criticisms centered on Howell's formation of the National Turnpike Assn., an organization which solicited dues-paying memberships from contractors, bankers and others interested in turnpike construction.

Howell told the investigating committee that the national association, which is no longer active, had caused him "headache and embarrassment" from the start.

SUNLESS DAYS COST FLORIDA INN KEEPER

SARASOTA, Fla. (AP)—Two months ago, C. V. Griffin, owner of the Sarasota Terrace Hotel, advertised that anyone staying at his hotel on a sunless day would get his rent free.

The roof fell in on Griffin Wednesday when the sun didn't show. There were 106 guests with a total bill of \$689.

It looks like another day without sun today.

Stevenson To Disclose Intentions For 1956

WASHINGTON (AP)—Adlai E. Stevenson indicated Thursday he plans to put his name in the pot next Tuesday for the 1956 Democratic presidential election.

Stevenson, the 1952 party standard bearer, confirmed on a stop-over here that he will disclose his intentions about the nomination in a statement in Chicago Tuesday. That would be just in advance of a meeting here of the Democratic National Committee and party state chairman.

His expected announcement that he again is available as a candidate would put him officially, a year in advance of the 1956 election, into a nomination race where he already is regarded as the man out front.

One of those who may try to defeat him, Sen. Estes Kefauver, of Tennessee, was said by friends to be ready to announce in the next two or three weeks that he also is running.

Kefauver was described as being anxious to wind up a number of congressional committee hearings and get caught up with office work before he becomes a candidate.

Apparently in line with this desire, Kefauver scheduled the start of public hearings Saturday of a Senate Judiciary subcommittee's further investigation of the controversial Dixon-Yates power contract, now canceled.

Stevenson said on his arrival here, en route to Charlottesville, for a major foreign policy speech at the University of Virginia Friday night that he had no plans to see Kefauver on this visit.

He said, however, he expects to confer with the Tennessee senator next week in Chicago before a \$100-a-plate party dinner at which both will be speakers, along with former President Truman and Gov. Averell Harriman of New York, another 1956 Democratic possibility.

In advance of Friday night's foreign policy talk, Stevenson lunched with former Secretary of State Dean Acheson whom he described as "an old friend." Acheson and his policies were a target for Republican campaign criticism in 1952. Stevenson supported the Acheson policies.

Unless there are unexpected developments, Stevenson and Kefauver appear likely to meet head-on in some Democratic presidential primary. Organizations are at work to place the names of both men on the ballot in California's June 5 primary. They also might collide in Florida's May 29 balloting.

Newsman Rap Official Secrecy Of Government

CHICAGO (AP)—The men who play a big role in bringing you the news you're reading now, Thursday asked you to realize the danger that lies in official secrecy.

In doing so, they tried to rip apart what they called a "paper curtain" behind which the U. S. government hides its affairs.

The slam against official secrecy was taken by the Sigma Delta Chi, a national journalism fraternity, which adopted a resolution prepared by its Advancement of Freedom of Information committee.

The committee, headed by V. M. Newton Jr. of the Tampa (Fla.) Tribune, found:

"There had developed today the worst abridgement of the American's right to know about federal government in the 168 years of the American experiment in freedom."

The committee charged that "political propaganda and secrecy at the source" marked such stories as the debate over U. S. and Russian air strength, atomic fall-out dangers, the Salk polio vaccine fiasco and the Dixon-Yates Power controversy.

It said "millions of words" were printed during the year concerning those topics. Yet, the committee said, it was doubtful "that the American people received the true picture, even though their tax monies and their very lives are at stake."

In 1624, the value of the Mayflower, the ship which took the Pilgrims from England to America, was set at \$750 because she was then in poor condition.

East, Midwest Turkey Feud—Aristocrat vs. Commoner

TRENTON, N. J. (AP)—Gov. Robert B. Meyner has turned down a challenge to match New Jersey against Illinois in the "1956 heaviest turkey contest."

Meyner said Illinois turkeys are just too big and rough for the likes of New Jersey's aristocratic breed.

On top of that, the governor said, the Garden State gobblers couldn't win.

Meyner turned down a challenge from Gov. William G. Stratton of Illinois, sponsor of the contest along with the Illinois Turkey Growers' Assn.

In a tongue-in-cheek letter, Meyner told Stratton, "New Jersey looks coldly upon your boast that, unless the monsters you are feeding break out of their corral, Illinois is likely to run away with the competition. Our turkeys regard being brown with as much disdain as a duchess looking at bugs."

The Democratic governor continued:

"With a lineage dating back 300 years, our turkeys have an aristocratic tradition. Their flowing lines and graceful contours might have been designed by Michaelangelo. Their feathers are by Christian Dior; their crests by Lily Dache; perfume by Haudnut."

"When the State of Illinois was still a godforsaken prairie, our turkeys were being eaten by President George Washington, by Secretary of State Thomas Jefferson and, if we must name a member of your party, by Secretary of the Treasury Alexander Hamilton."

"Why should a bird which has played so brilliant a role in American history, and whose fastidious qualities are well known to all connoisseurs, enter the ring with such gobblers—come-lately as the overgrown ruffians of Illinois?"

"Having now made these snobbish excuses, I must frankly say that New Jersey turkeys are designed to fit into small ovens, which means we couldn't win."

Stratton Asks U.S. Investigation Of Emmett Till Case

SPRINGFIELD, Ill. (AP)—Gov. William G. Stratton Thursday requested the federal government to make an investigation of the Emmett Louis Till case in Greenwood, Miss.

Stratton's announcement came a day after the LeFlore County grand jury refused to indict two white men on charges of kidnapping the 14-year-old Chicago negro.

In a letter to Atty. Gen. Herbert Brownell Jr., Stratton said:

"As governor of Illinois, I would like to call your attention to the disposition of the Emmett Till case in LeFlore County, Greenwood, Mississippi.

"Emmett Till, a citizen of Illinois, was abducted and brutally murdered. It now appears that those responsible for this tragic crime are not being brought to justice."

"As governor of this state, I feel it my duty to respectfully request the United States government, through your office, to investigate the violation of the rights of this Illinois citizen in another state."

Stratton told newsmen that he didn't believe the case should be dropped "at this point. Somebody murdered that boy and should pay for it."

"We have a responsibility here in Illinois to protect our citizens," he said. "It is clearly within our duty to ask for an investigation and clearly within the province of the federal government to make an investigation."

Reject Change In UHF, VHF Channel Allocation

WASHINGTON (AP)—The Federal Communications Commission Thursday voted against changing, for the present at least, its allocation of both very high frequency (VHF) and ultra-high frequency (UHF) television channels in the same areas.

The commission turned down 35 requests for "deintermixture" of UHF and VHF channels.

The commission also ordered a nationwide study to consider possible solution of difficulties it said now hinder expansion of TV.

In general, the petitions turned down Thursday contended the UHF stations are finding it difficult to compete in areas which also have VHF stations.

Suggestions for changes in the present allocation included withdrawal of VHF channel assignments in certain areas so that only UHF stations could operate. Other proposals included shifting of present UHF assignments.

Sponsors of the various proposals contended separation of UHF and VHF channels would provide more balanced competition in the various communities, and would strengthen UHF by enabling it to go forward in various areas until combination UHF-VHF receivers are generally available.

HINT NEW PAPER MILL FOR NEWFOUNDLAND

ST. JOHN'S, Nfld. (AP)—Premier Joseph Smallwood and the members of his cabinet left by air Wednesday on a business trip to Chicago.

Nature of their business has not been disclosed. Speculation, however, is that they intend discussing the possibility of a third paper mill for Newfoundland.

A royal commission of Newfoundland's forests last spring said the province had timber reserves capable of feeding a third mill.

Resources minister F. W. Rowe and Atty. Gen. Leslie Curtis accompanied the premier.

Molotov Rejects Ike's Air Inspection Plan

Seaplane Tender Rescues 4 Of 5 Ditched At Sea

HONOLULU (AP)—Four of five airmen who parachuted into stormy seas 650 miles from land were picked up Wednesday night and early Thursday in a dramatic rescue which the Air Force termed "a miracle."

Eighteen planes and 17 ships searched calming seas east of Hawaii for the fifth airman from a stricken C119 Flying Boxcar which went down last Wednesday on a flight from the mainland to Hawaii.

The Navy Tender Floyds Bay, dashing 75 miles through 12-foot waves whipped by 28-mile winds, picked up two in the darkness last night and two more in the half light of dawn.

"Now that it's daylight we ought to find him (the fifth man) soon," an Air Force spokesman said.

Rescued Wednesday night about five hours after they hit the water were Lt. Kenneth E. Whitney, navigator, Broderick, Calif., and Airman 1-C Harry W. Brinegar, flight engineer, Carleton, Neb.

Both were reported in good condition.

Then early Thursday, nearly 12 hours after disaster overtook the Flying Boxcar, the tender rescued Lt. Donald O. Nelson, pilot, Alexandria, Minn., and Lt. David N. Hibbard, copilot, Pasadena, Calif.

The search went on for Airman 2-C Jerry C. Caywood, radio operator, Cincinnati, Ohio.

The ill-fated plane was one of two which took off from McClellan Air Force Base, Sacramento, Calif., for Hawaii. It was a ferrying flight to Japan for the 1708th Ferrying Wing, based at Kelly AFB, San Antonio, Tex.

Community Effort Urged To Wipe Out Dutch Elm Disease

CHICAGO (AP)—Determined community effort can effectively control the Dutch elm disease which is ravaging elm trees in Illinois and other states, a group of experts on the fungus ailment said Thursday.

The causes of the blight and ways to control it were discussed at a conference of more than 500 park and local government officials representing 135 cities in 18 states. The meeting was sponsored by the Illinois State Chamber of Commerce.

Dr. Russell R. Whitten, acting chief of forest insect research for the United States Agriculture Department's central forest states experiment station at Columbus, Ohio, told the group that the European elm and the Chinese elm are the only trees of this species recommended for planting in areas where the disease has appeared.

These two, Dr. Whitten said, are highly resistant to the fungus, compared with the popular American elm, which is relatively easy prey to the disease.

The conference brought out these points:

1. Spraying healthy elms with DDT is effective in protecting them against the disease.

2. Sanitation—pruning dead or dying wood from healthy trees and destroying dead trees—will protect populations of the tiny bark beetle that transmits the disease and is an effective supplement to the spray program as a primary control measure.

Control of bark beetles by sanitation should be started as soon as they are found in an area to delay occurrence of the disease. This applies to Chicago and many suburbs where Dutch elm disease has been found this year for the first time.

Legion Commander Blasts UNESCO

WASHINGTON (AP)—National Commander J. Addington Wagner of the American Legion blasted UNESCO Thursday night as "the international sanctuary of impractical one-worlders, Red-tinged radicals, and apparently deserters from the ranks of loyal Americans."

Wagner denied, however, in a speech prepared for the legion's District of Columbia Department, that the veterans organization proposed United States withdrawal from the United Nations agency at the recent legion convention in Miami, Fla.

"IKE" ENTERTAINS — Receiving visiting Guatemalan Carlos Castillo Armas at Fitzsimons Hospital, Denver, President Eisenhower walks with his visitor, Mr. Eisenhower, recovering without complication from his heart attack, flies to Washington on Friday and then will go to his Gettysburg farm for further recuperation.

Eisenhower Leaves Hospital For Gala Welcome In Capital

DENVER (AP)—President Eisenhower came through an important, final medical check-up Thursday in "satisfactory" shape and Friday he is off at last for Washington and a gala welcome home.

Seven weeks of hospitalization from a Sept. 24 heart attack—seven weeks of tense anxiety at first and then of encouraging, steady recovery—end for the chief executive at 9:20 a.m. (CST) Friday.

Forty minutes later Eisenhower takes off for Washington.

On the business side, the President accepted with "deepest regret" the resignation of his appointment secretary, Bernard M. Shanley, effective next Tuesday.

Reports have circulated that Shanley might run for governor of New Jersey in 1957. His letter of resignation mentioned only "Pressing personal problems" as the reason for quitting. And Hagerty said his only information is that Shanley plans to resume his law practice.

The President and Mrs. Eisenhower will leave the hospital today in a limousine and drive directly to Lowry Air Force Base and up to the 19-step ramp of the Columbine.

The President will pause on the sixth or seventh step of the ramp for an informal speech, and radio and television will carry his voice to the nation for the first time since his heart attack. He is expected to do little more than voice his thanks to all the millions of people who have wished him well and prayed for his recovery.

And there will be another talk from the ramp in Washington when Eisenhower arrives there around 3 p.m. CST.

The Washington city fathers have set up a civic welcome for the returning chief executive, who left (Continued on Page Eleven)

NO POLICE PAY RAISE — SO MORE TRAFFIC TICKETS

NORTH BERGEN, N. J. (AP)—Hundreds of traffic violation tickets have blossomed on autos here since voters rejected a \$500 annual pay raise sought by policemen.

Police Commissioner James Nolan ordered a check of the situation when more than 300 tickets were written Wednesday. The normal for a day is between 10 and 20.

Today --- America Pauses To Pay Tribute To Men Who Have Survived All Her Wars

By J. M. ROBERTS

Associated Press News Analyst

America pauses today to pay tribute to the men who died, and to the men who offered their lives and survived, in all of her wars.

Veterans Day has not yet settled into its own peculiar niche among the nation's memorial occasions.

Memorial Day is for the dead. It too, now covers all the wars, although it was long connected primarily with the Civil War, and only later with the Spanish-American War, World War I and II, and Korea.

Armistice Day, long celebrated in memory of World War I victory, gradually assumed the proportions of a tribute to both the living and the dead of that war, and persisted even through two more wars to present that aspect.

V-E Day and V-J Day never caught on as widely observed anniversaries. There may have been a reason.

Americans joined up for World War I to popular patriotic tunes as well as the national hymns. They marched off in what had become, so everyone felt at the time, a crusade for peace and democracy.

World War II and the Korean War were just dirty businesses. America fought in response to attack in one, and to stop aggression in another. Men embarked in secrecy in blacked out ships, and displays of patriotism at home consisted largely of marching band-led down to the assembly lines, and conforming with rationing rules. The spiritual lift had been taken out of war, and many preferred just to forget.

But Congress acted to establish one day for all the wars, and last year Armistice Day became Veterans Day.

Proposes Ban On Use Of Nuclear Weapons

GENEVA (AP)—Soviet Foreign Minister V. M. Molotov declared Thursday night President Eisenhower's proposal for immediate U.S.—Russian exchange of military blueprints and reciprocal air inspection "would strengthen mutual distrust."

The Russian told the Big Four conference the President had good intentions but his idea for quickly wiping out fear of surprise atomic attack would, instead, increase international tension. Molotov said the American proposal could only be considered in the final stage of world disarmament.

His negative reaction deepened the gloomy atmosphere of the conference. It meant the foreign ministers disagreed on practical approaches to disarmament. They had already failed to agree on European security and German reunification.

On the only other remaining point of their agenda—development of East-West contacts—an experts committee has made no substantial progress.

The foreign ministers will meet in private Friday to chart the final course of their negotiations, expected to conclude next Wednesday.

Molotov criticized the Eisenhower "open skies" plan with these allegations:

1. "It does not diminish the danger of a new war and does not relieve the peoples of the heavy burden of (arms) taxation," because it is isolated from a general disarmament program.

2. It covers only U.S. territory and not U.S. bases overseas or those of America's allies.

3. It is too costly and prolonged an operation.

4. It would aggravate suspicion rather than increase confidence.

5. It provides no security for the Soviet Union, and in fact, would supply Russia's enemies the "appropriate information for a surprise attack."

Molotov added that his government would alter its "negative attitude" if the President's proposal were made part of a general reduction of armaments and prohibition of atomic weapons. But this would have to be "at the final stage."

Molotov proposed to reach global disarmament in three stages, starting off with an immediate pledge by the Big Four powers "not to be the first to use atomic and hydrogen weapons against any country." This was Premier Nikolai Bulganin's idea at the summit conference in July.

MACMILLAN TO GO TO BAGHDAD FOR TALKS

GENEVA (AP)—Foreign Secretary Harold Macmillan of Britain will fly next week to Baghdad for five-night talks on the defense of the Middle East, his aides reported Thursday.

The meeting in the Iraqi capital will inaugurate the Ministerial Council of the Baghdad Alliance of states along the northern tier of the Middle East—Turkey, Iraq, Iran, Pakistan and Britain.

Macmillan's attendance is intended to stress that the West is determined to back the grouping regardless of Russia's campaign of opposition.

The veteran knows that all of his life has been different from those of other men, because of the time he lost, because of the things he saw, because of the emotions he felt and even, indeed, because of a tangible feeling of exaltation at having played the role of a man in a time of crisis.

Some of them already have seen their sons march in their own footsteps, and younger ones can have little hope that they will not go through that lonely watch themselves.

They could be bitter, but they need not be. For some day there will be peace, and they will be remembered not on just one day, but in the pages of history, as the pioneers, the men who marched under the banners of a peace-loving nation, dedicated to the future of man.

FINE AIRPORT PLANNING

They thought they were taking a pretty big stride some years back when they expanded the original Chicago airport to a square mile. But it wasn't enough. So now they're starting all over again, and this time Chicagoans are really doing it on the grand scale.

The other day they opened the first portion of O'Hare Field, the new Chicago airport, which when completed will give the nation's major airlines a base 10 square miles in area. It is the world's largest.

In 1945 the experts figured the present Midway airport would be handling eight million passengers a year by 1955. Actually, this year's figure will be about nine million.

This kind of traffic has made Midway the world's busiest single airport. It handles more traffic than any two of New York's three big fields. The deluge has outmoded most of Midway's facilities, and made the place a headache for many travelers transferring from plane to plane.

Chicago doesn't want it to happen again. The new estimates say that by 1975, when the jet age of commercial flying will be 15 years old, some 25 million passengers a year will be using Chicago airports.

Midway perhaps can take six or seven million without too much jamming up. But O'Hare is designed to accommodate 30 million a year. That means Chicago ought to be pretty well set until 1985 or 1990.

That is real planning, planning with the faraway look in the eye, the kind we get all too little of in this country.

Any great airways hub in America that doesn't plan the same way is just pushing back the trouble horizon a short distance. We have reached the stage of growth in the United States where big, bold plans are the only sensible and economical ones.

We need the same imaginative approach toward our needs in highways, schools, hospitals and other public facilities. Except for the heralded turnpikes, most of the truly inventive notions in these fields have never gotten off the paper they were written on.

Chicago no doubt has many hurdles to clear before O'Hare Field is a reality in all its amazing breadth and length. But it has made a fine beginning, and it deserves the congratulations of all in America who prize genuine progress.

Boyles Column

By HAL BOYLE
NEW YORK (AP)—Curbstone comments by a pavement Plato:

Would obedience schools for wives make for happier marriages in America?

The question has been raised by a reader who wisely chooses to remain anonymous.

"Obedience schools for wives have worked out very well," he wrote, "so why not an obedience school for pet wives?"

"Such schools could teach most wives some things they badly need to learn, such as self-discipline and the willingness to carry out a man's orders without barking back."

"What do you think of this idea? Wouldn't it restore to the average husband the prestige he once held as head of the family? If you hear of such a school please telegraph me at once. I want to enroll my own wife as the number one trainee."

Frankly, the proposal at first glance sounds fine. The ordinary husband can think at once of many ways in which his wife might benefit from attendance at an obedience school.

She could, for example, be taught to get up off the sofa and say "hello" whenever he returned home from work. She could be taught to take off his shoes and fetch his slippers.

She could be taught not to interrupt him when he is telling his favorite joke at a party. She could be taught not to show up at breakfast with her hair in wire curlers, looking like a fugitive from the electric chair. It might even be possible to teach her when it was all right to talk to her husband, and when she should bring him his newspaper and let him read it in silence.

There is even a bare likelihood that she might be coerced into letting him handle the spending of his own paycheck, although this it is—and that's the way it's likely could well force 7 out of 10 Amer-

ican families into bankruptcy in six months.

The list of things a well-run obedience school could teach a dutiful wife to help make her husband's lot more cheerful is well nigh endless.

However, the idea of obedience schools for wives, while it sounds highly logical, is basically impractical. The big flaw in the proposal is that: Where would you get the teachers?

You couldn't use women as teachers. No wife with any spirit would let another woman teach her how she should behave toward her own husband.

No, the teachers would have to be men. But consider what kind of a man it would take. Women know they are smarter than the average man, and they would merely sit in class and throw spitballs at a male instructor of only average brains or charm.

The teacher would have to be really extraordinary. To duty-break a stubborn, willful wife he would have to have the physical appeal of Clark Gable, the magnetism of a hypnotist, the wisdom of Socrates, the oratorical skill of Demosthenes, the daring of a wild animal trainer.

Let us suppose such a teacher could be found. What then? Well, no wife would want to return to a dull husband after studying under a professor like that. They'd all fall in love with the teacher and want to spend the rest of their lives in obedience school.

That seems to rule out the possibility of obedience schools for wives.

The question naturally arises then: "How about a few obedience schools for husbands — wouldn't they improve matrimony?"

The answer to this is there simply isn't any demand for them. Every marriage is an obedience school for husbands. That's the way it is—and that's the way it's likely to stay.

The World Today

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Russia's Foreign Minister Molotov at least has had the distinction of rendering the three Western foreign ministers speechless at Geneva.

For one diplomat to be able to knock the talk out of three other diplomats is quite an achievement. But why Molotov had such an effect on them is hard to see.

When he told them Tuesday Russia wouldn't agree to their plan for unifying Germany, the three ministers had to call a recess until today. Secretary of State Dulles said he had to consider the matter overnight before speaking.

Yet Molotov's performance was no surprise. The No. 1 problem before the four ministers before they ever reached Geneva, just as it has been the No. 1 problem since they arrived there, is the unification of Germany.

The West and Russia had never been able to agree on it before. And there was no reason to believe the Russians this time at Geneva would soften up or cave in. There was no widespread optimism here that they would.

The best anyone could reasonably hope for — before the conference — was that the two sides might reach some small agreements on other problems and finish up without calling each other names.

That would permit them to have another meeting next year when, if relations between the West and Russia hadn't become too wretched again, there might be some more agreements on some other problems smaller than the unification of Germany.

The United States, Britain and France would like to see Germany united under a democratic government favorable to the West and linked to it, just as West Germany now is linked to it through the North Atlantic military alliance.

And that's exactly the last thing the Russians want to see. From all reports the East and West Germans — if they were permitted to unite and have free elections — would choose a democratic government favorable to the West. The Russians certainly have reason to fear that would happen.

For that reason they will not permit free elections, as Molotov has made clear. He denounced the idea of free elections. He called it "unreal and dangerous."

He indicated — so the press officers of the United States, France and Britain said — that the only kind of unified Germany the Russians want is a Communist Germany. And there can hardly be any doubt of that.

And where does this leave the West and Russia so far as Germany is concerned? So far as can be seen it leaves them right up against the same stone wall that separated them before the Geneva meeting began Oct. 27.

Dulles and Molotov did a little traveling during a weekend recess in the conference. Molotov went to Moscow. Dulles went to Yugoslavia to see Marshal Tito, who is friendly with the West and recently became friendly with the Russians all over again.

Since both Russia and the West want Tito on their side, he's in a good spot to play off one against the other, saying something that pleases one side one time, and something that pleases the other another time.

After their meeting Dulles and Tito issued a statement. They said they'd like to see the Russian satellite countries independent. That means independent of Russian domination.

That was a first-class propaganda harpoon, thrown directly into the hide of the Russian bear. The least it could do was stir up some discontent among the non-Communist satellite people.

But just how smart Dulles is in heaving this harpoon, right in the midst of the Geneva conference when he was hoping for some agreement with Molotov, is a question which will probably be debated for some time.

Just before he left Moscow for Geneva, Molotov told foreign correspondents he was taking "better baggage" back to Geneva with him.

At once the Western optimist market took on a bullish turn. But, judging from Molotov's almost brutal position on Germany when he got back to Geneva, that "better baggage" he talked of consisted of one big torpedo.

Surgery Remains Best Treatment for Hernia

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

Mrs. Y., asks for a discussion of rupture and whether this and hernia mean the same thing. Also, she wants to know whether or not there are ways of treating this besides surgery.

Mrs. Y., is correct: Hernia and rupture do mean the same thing. A hernia results from a weakening of the structures which are supposed to hold the organs in place, the most common location for such rupture being through some part of the abdominal wall. In men particularly, this occurs most frequently in the groin.

IT IS GENERALLY BELIEVED that the weakness leading to hernia is inborn, at least to some extent, though it may not become obvious unless some strain has been put on the weakened tissue by heavy lifting or some similar activity.

For a person not engaged in heavy manual labor a rupture may not cause any trouble though there is always the risk that it will someday get strangled or develop into some other complication.

Nevertheless, treatment is usually desirable and unless there are good reasons to the contrary, surgery is best. A truss or support may help but does not cure. Most operations for hernia can be done without special risk at almost any age, but one has to decide whether the occupation and other considerations justify the period of invalidism and the expense.

SOME YEARS AGO the injection treatment was suggested for hernia. The purpose of the injections is to irritate the inside of the hernial sac so that a firm scar will form at the point where the hernia is bulging and force back the contents of the sac where it belongs.

This method requires several treatments and carries some risk. Also, the scar tissue formed is not always strong enough to bring permanent relief. Although the injection treatment still has some supporters, it is probably not used as much as it used to be and is not as desirable as surgery in most cases.

WHEN ONE SPEAKS OF double hernia, it means that the wall has given way on both sides so that there is a rupture in two places. Operation is the same (though it takes twice as long) and surgeons often repair both at the same time.

One should realize that an operation is not always successful and occasionally a rupture breaks through again. If it does, which does not happen often today, it will have to be operated on again in order to produce a firm wall.

White House a Dull Place When President Is Away

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON (AP)—Government business is expected to pick up around the White House when President Eisenhower comes back east. It has been a forlorn place with the boss away.

There have been few callers' hats on the big round Philippine mahogany table in the west wing executive office reception room. All hands, including the guards, have been relaxed. The usual flea-on-a-griddle activity has been missing.

It has been possible to get appointments promptly with top staff men.

All but a handful of the White House staff have been on the job here. Those with the President in Denver were: The Assistant to the President Sherman Adams, Press Secretary James C. Hagerty, Military Aide Col. Robert L. Schulz, Military Aide Lt. Col. William G. Draper, the President's personal secretary Ann Whitman and her assistant Helen Weaver.

ADAMS REALLY COMMUTED between Washington and Denver. It wasn't painless. He would hold staff conferences and sit in on the cabinet meeting here. Then he would fly back to Denver to collect another batch of problems.

He is expected to follow much the same routine while the President recuperates in Gettysburg, Augusta, or wherever he goes.

Mal Gen. Wilton B. Persons, deputy assistant to the President in charge of congressional liaison, was last man to get away on vacation. He hasn't had all of it. Just after a week-end start, he was called out to Denver to go to work on the President's State of the Union message for next January.

THE USUAL WHITE HOUSE mail load has naturally been split between Washington and Denver. But no temporary White House is equipped to process any great volume of mail. The great bulk has to be flown to Washington for handling. Only the most important letters have been shown the President.

Aside from a heavy flow of get well cards and birthday greetings, there has been no unusual volume of public mail trying to pressure the White House to do this or that. Not even the Geneva conference brought any shower of advice.

The White House press room is deserted most of the time the President is away even if the staff stays here. Only a corporal's guard of wire service, broadcasting and picture men are on a dog watch for emergencies.

On Thursday and Friday mornings reporters come around for National Security Council and Cabinet meetings presided over by Vice President Nixon.

But their secrecy hardly makes it worth while.

MURRAY SNYDER, assistant press secretary, has held down the Washington news front. With the President away, he has had more time for leisurely talks with magazine writers.

Jack Martin, Senator Taft's former assistant who is now assistant to Gen. Persons for liaison with the Senate and Bryce Harlow, liaison man with the House, get a more or less continuous load of requests from congressmen. But even their phones haven't been ringing as feverishly or as often.

From the time Congress adjourns to the middle of November, things are normally quiet around the White House. The President's illness and his prolonged stay in Denver have just made them quieter than usual this year.

The White House staff is looking for a pick-up any day now. It isn't just that Ike will be back east. The politicians and pressure boys will soon be flocking back to town.

In Africa's Ituri Forest live pygmy tribes while nearby are Nilotic tribes, among the tallest in the world, ranging up to 7 feet.

TOMORROW: How Marilyn lives

In Hollywood

EDITOR'S NOTE: No film star in recent years has struck the national fancy with greater impact than Marilyn Monroe. In an exclusive interview, Bob Thomas describes her present life and future plans, plus the background of her life with her studio. This is the first of two articles.

By BOB THOMAS

NEW YORK (AP)—Marilyn Monroe says she intends to be a permanent resident of New York, but will go to Hollywood for occasional movies. In a rare interview, she also disclosed:

That she considers herself free of her film contract.

That she is willing to return to work at 20th Century-Fox—under conditions:

That she doesn't insist on doing straight dramatic parts only.

The scene was the Edwardian room of the Hotel Plaza. Marilyn came to breakfast attired in a black skirt, brown jersey top, tweed coat and a fuzzy white tam atop her honey-blond hair. Despite dark glasses and no make-up, her entrance attracted the stares of others in the room.

She seemed to talk more freely than I ever heard her do in Hollywood. She was especially enthusiastic about New York.

"I love it here," she remarked. "I lived in California all my life; now I plan to stay here. The California climate is wonderful, but I love to see the seasons."

Marilyn came to New York a year ago, following her divorce from Joe DiMaggio. She announced plans to study dramatics here and produce pictures for her own company. Her studio declared she is still under contract and has sought her return.

She discussed her return to work, a matter in which 20th-Fox is extremely interested.

"I'm willing to go back to work—as long as I can get what I want," she said. "It's the same thing I've always wanted. I want to work with good directors, ones I can learn from. I want a variety of roles in good stories. And I want to make pictures for my own company."

"Money has never been an issue. The studio can afford to pay me."

She reported her own company is negotiating for a story to film. But is she free to work?

"I have no contract," she said flatly. "There are good reasons why my contract with Fox is not valid."

The studio doesn't see it her way, and the matter is up to the courts.

She is being asked to return to the studio for "Bus Stop." She said she'd like to do the role—if she gets her terms.

Her best acting role, she said, was the one that started her off to fame—in "The Asphalt Jungle."

She made it plain that the pictures she doesn't want to do are ones like "Pink Tights" and "How To Be Very, Very Popular." She was suspended for refusing those two.

Must Ambitious Executives Marry Types as Wives?

The word is being noised about that any young man who dreams of some day being an executive had better pick himself the RIGHT wife.

And the RIGHT wife for an executive, they say, is the gal who can butter up the boss without antagonizing his wife. She also has a sixth sense that tells her what kind of clothes the other women will be wearing to a company clam bake. She can keep her strong opinions to herself until she finds out how her husband's boss and his wife and their social set stand. In general, she lives and breathes with one thought in mind, "How can I help my husband get ahead?"

An article called "Executive Wife," by Martin Scott, in the September issue of Cosmopolitan magazine points out that "more and more firms, considering a man for a job, first conduct a subtle 'wife inspection.'" He offers 15 rules to guide the wife whose husband is being considered for an important job.

WHAT WILL IT DO TO THE HUSBAND? Lillian Cooper, a manufacturing executive who gives charm lectures to college girls (who presumably want to some day be executive wives), offers this success tip to men: "Marry a social butterfly."

What is this newfangled notion that a man can't get to the top unless he marries a girl who cuts herself to the pattern of Executive's Wife going to do to the self-reliant, individual, robust American male?

Is it going to turn him into a nincompoop who says "What will the boss' wife think of it?" instead of "How much did it cost?" when his wife buys a new hat?

Is it going to make him into the kind of husband who, meekly as a yes, dear," when his wife announces she is going to invite a bore to dinner because he may be a "good contact" instead of putting his muddy foot down with "I wouldn't spend an evening with that bore if he were the president of the United States."

There's no doubt but that any American girl with average intelligence can learn the rules for behaving like an executive's wife if that is what her husband wants her to do.

But what is being married to a type instead of to a woman going to do to the men?

That's the \$64,000 question.

Two Defendants Face Cass County Forgery Charges

BEARDSTOWN, Ill.—Jerry Collins was returned to Virginia Wednesday by Cass Sheriff Harold Ellsworth to face charges of forgery pressed by several Virginia businessmen who received several forged checks a week ago.

Robert Hughes of Jacksonville, formerly of Jerseyville, suspected as an accomplice was previously arrested at Jacksonville for Cass authorities.

Both men are under \$5,000 bond each to appear at hearings.

The Cass sheriff received a tip that Collins was in Wichita, Kansas, and notified Wichita authorities who apprehended Collins at a Western Union office in that city. They held him until Sheriff Ellsworth called for him and returned him to Virginia.

Collins preliminary hearing was before Judge of the Peace John A. Sinclair at Virginia, who set bond at \$5,000. Earlier Hughes had been placed under bond in the same amount.

Rev. Rose Will Attend Sessions

The Young Peoples Committee of the board of directors of the Central Illinois District of the Lutheran church, Missouri Synod, has appointed the Rev. Herbert C. Rose, pastor of Salem Lutheran church, to represent the Central Illinois District at the Lutheran Youth Workers Conference at Lake Geneva, Wis., Nov. 10-12.

Representatives from the 32 district of the Lutheran Church—Missouri Synod in the United States and Canada will be assembled at Lake Geneva to plan the work and arrange the program for the 80,000 young people affiliated with the Lutheran Youth organization, the International Youth League.

Rev. Rose will represent 120 Lutheran Youth League societies located in central Illinois. The conference closes at noon on Saturday, and Rev. Rose will be back to occupy his pulpit on Sunday morning.

Dr. Bunch To Be Guest Speaker

Dr. James L. Bunch has been invited to be a guest speaker at the meeting of the American Dental Trade Association at the Edgewater Beach Hotel in Chicago on Tuesday, Nov. 15.

The association holds an annual meeting in Chicago each year where manufacturers of dental supplies and equipment and their retail dealers meet. Dr. Bunch will speak on the relationship between the dentist and the dental salesman.

Dr. and Mrs. Bunch will go to Chicago on Monday to attend the annual open house that evening.

TO ATTEND STATE SCHOOL BOARD MEETING

CARROLLTON—Olin Stead, the superintendent of Carrollton Community School District No. 1, accompanied by George Cory and Kenneth Brannan, members of the school board of the local unit, will attend the annual State School Board meeting to be held in Chicago Nov. 20, 21 and 22.

Local Man Heads National Teachers Of Deaf Society

Members of the Epsilon chapter of the Mu Iota Sigma met Nov. 8 at the Illinois School for Deaf, Miss Eva Williams and Lloyd Graunke, Epsilon's delegates to the National Mu Iota Sigma convention, held in Jacksonville Oct. 27 and 28, reported on the convention.

Convention members spent Friday, Oct. 28, visiting classes at the school for the deaf. Friday evening the National Officers and chapters gave reports of the year's work. This was followed by a reception with the Epsilon chapter. Here old acquaintances were renewed and new ones formed.

The opening demonstration Saturday was received with much enthusiasm. Mrs. Rhoda Samore demonstrated her methods and techniques in teaching rhythm to the deaf. Mrs. Dorothy Kaufmann demonstrated intelligence tests for the deaf. Dr. Marie Shere from the U. of I. Speech clinic, demonstrated methods she uses with cerebral palsied children. There are many such children of this type in the schools for the deaf, consequently the subject was of great interest to all of the teachers.

After enjoying a delightful coffee break the group visited the Illinois Braille and Sight Saving School where Henry Meyers and four of his pupils demonstrated methods used in a sight saving class. Mr. Meyers explained the materials used and the physical aspects of the room, such as paint, floors and lighting, all being of great importance in sight saving.

A very enjoyable luncheon was

CENTENARY PLANS CHILDREN-YOUTH SERVICE SUNDAY

Sunday has been designated as Children and Youth Sunday at Centenary church. Children between the ages of 12 and 15 have been for the past six weeks been taking membership training. Sunday they will be presented to the congregation for their acceptance into the fellowship of Centenary church at the 10:45 worship service.

The youth to be received are: James Biggs, Wilbert DeLong, Pamela Sue Cole, James Russell Gotschall, Brenda Joyce Hildebrand, Pamela Hoagland, Michael Koyné, Nancy Koyné, Joyce Gay Ryan, Robert Dean Smith, Rita Ann Shelburn, Samuel Allen White.

One infant for baptism, Mark Dean Sorrells. The special music will be a solo "I Walked Today Where Jesus Walked." O'Hara, Miss Dorcas Callahan. The sermon by Rev. John W. Collins is "Grace is Winsomeness," Acts 4:23.

CLUB MAKES TOUR OF PRODUCTS PLANT

Members of the Ashland Junior Women's club met in a conference room of Mrs. Tucker's plant. During the business meeting, the club voted to let the executive board decide upon the Federation projects to be helped this year and the amount for each.

The Ashland Junior Club has been asked to participate in the school survey study committee which is being formed. The president and one other member will serve on this committee.

Harry E. Wegehoft, personnel director of the plant, spoke on the history of "Mrs. Tucker's." He explained the processing done at the plant from the time the crude cottonseed or soybean oil entered the plant until it left as shortening, margarine, or cooking oil. He then conducted the group on a tour of the plant.

SERVE REFRESHMENTS TO HOSPITAL VETS

The American War Dads and Auxiliary at their regular "party day" at the Jacksonville State hospital veterans section, served ice cream, sundaes and cookies to a large number of servicemen.

Hostesses for the event were Opal Bends, Ruth Hicks, Della McGinnis and Elita Leigh.

The War Dads and Auxiliary are planning several other events for the state hospital servicemen during coming months.

STATE WAR DADS, AUXILIARY OFFICERS MEET IN SANGAMON

Members of the state council of the American War Dads and Auxiliary met Sunday, Nov. 6, at the Abraham Lincoln hotel in Springfield. The majority of the presiding officers were Jacksonville people.

The state president, Mrs. William Fanning, was in charge. She was accompanied by Mr. Fanning, Mrs. Thomas Ruby, vice president and Mrs. John Bland, state publicity chairman, were also among the local people attending.

During the meeting Mrs. Thomas Ruby was elected first vice president to fill the vacancy by the resignation of Mrs. Olga Engelbrecht of Peoria.

Chapter reports from nine chapters over the state revealed good reports of work being done in the V. A. hospitals also preparing boxes to send to chaplains in overseas

At St. Paul's

DR. PAUL BRETSCHER

Lutheran Seminar will be held at St. Paul's Lutheran church, near Chapin, on next Sunday afternoon at 2:30 o'clock. The Men's Club of the congregation is affiliated with the Lutheran Laymen's League. The Seminar speaker for the day will be Dr. Paul Bretscher, of the Concordia Seminary, St. Louis, Mo., who will speak on the topic, "Lodges and Secret Organizations."

Dr. Bretscher besides being a professor at the Concordia Seminary, is chairman of the Committee on Prayers of the Lutheran Church of the Lutheran Organizations—Missouri Synod, and therefore is well qualified to speak on this topic.

A lunch will be served after the meeting by the ladies group of the congregation, the Mary and Martha Circle.

Members of 23 Lutheran congregations of the Jacksonville, Springfield, Beardstown, and surrounding areas will be present at this meeting.

Meat Prices To Be Lower At All Stores This Week

By THE ASSOCIATED PRESS

Lower prices on a wide selection of meats will be offered by the nation's food stores this week-end.

Generally, beef and pork prices continue at around the lower levels reached in recent weeks. A number of stores will be offering smoked hams at marked down prices, and there will be specials on loins of pork, a favorite Sunday dinner item.

Chuck roast will be cheaper in many markets and some will trim price tags on round steak or roast, prime ribs and porterhouse steak.

Frying chickens will be a popular feature, with unusually low prices posted in some areas.

The U. S. Department of Agriculture passed the word along this week that your Thanksgiving turkey will cost two to six cents a pound more this year than in 1954. The reasons: A smaller crop and later marketing.

Egg prices generally will be lower this weekend, with reductions ranging from one to four cents a dozen. Butter shows little price change.

From the produce men comes word that beets, potatoes, onions, turnips, radishes and cabbage are outstanding buys this week.

NOT SO LOVEY

AUSTIN, Tex. (AP)—A man complained he was assaulted by his two girl friends, "Lovely" and "Baby Doll." "Baby Doll," he said, used a beer bottle.

Guest Speaker

DR. J. DEWEY MUIR

The Arenzville Methodist church will celebrate its fiftieth anniversary Sunday, Nov. 13. The services begin at 9:30 o'clock with the morning worship. Church school will follow at 10:30 a.m. At 12:45 a pot-luck dinner will be served in the church basement.

The afternoon program begins at 2 o'clock. Mrs. Farrell Cooper, the church organist will play "If With All Your Heart" by Mendelssohn as a prelude. A girl's sextette will sing "Prayer Perfect." The church choir will sing "The Church's One Foundation." Dr. J. Dewey Muir, superintendent of the Jacksonville Methodist district, will speak on "Foundations That Endure." Mrs. Cooper will close the afternoon's program with "Postlude on a Choral" by Volekmar.

\$56 Million U. S. Surplus Land Used To Benefit Public

WASHINGTON (AP)—Surplus property which cost the federal government 56 million dollars was turned over to state and local government agencies and to non-profit institutions in July, August and September for educational and public health purposes.

The property includes school and hospital building sites, buildings suitable for college dormitory uses, motor vehicles, hospital, school and office furniture, tools, laboratory equipment and school and office supplies.

The value of the state distribution was listed by the Health, Education and Welfare Department today, showed Illinois \$1,825,652; Indiana \$703,322, and Iowa \$815,802.

CITY OF CHURCHES AND CULTURE—Focal point of all tourist visits to Ecuador is the Independence Plaza, known as the "Times Square" of Quito. This cathedral is one of the Spanish baroque churches built by Spaniards more than 400 years ago. Quito, itself, has been hailed as the "most perfectly preserved Spanish colonial city in the Americas."

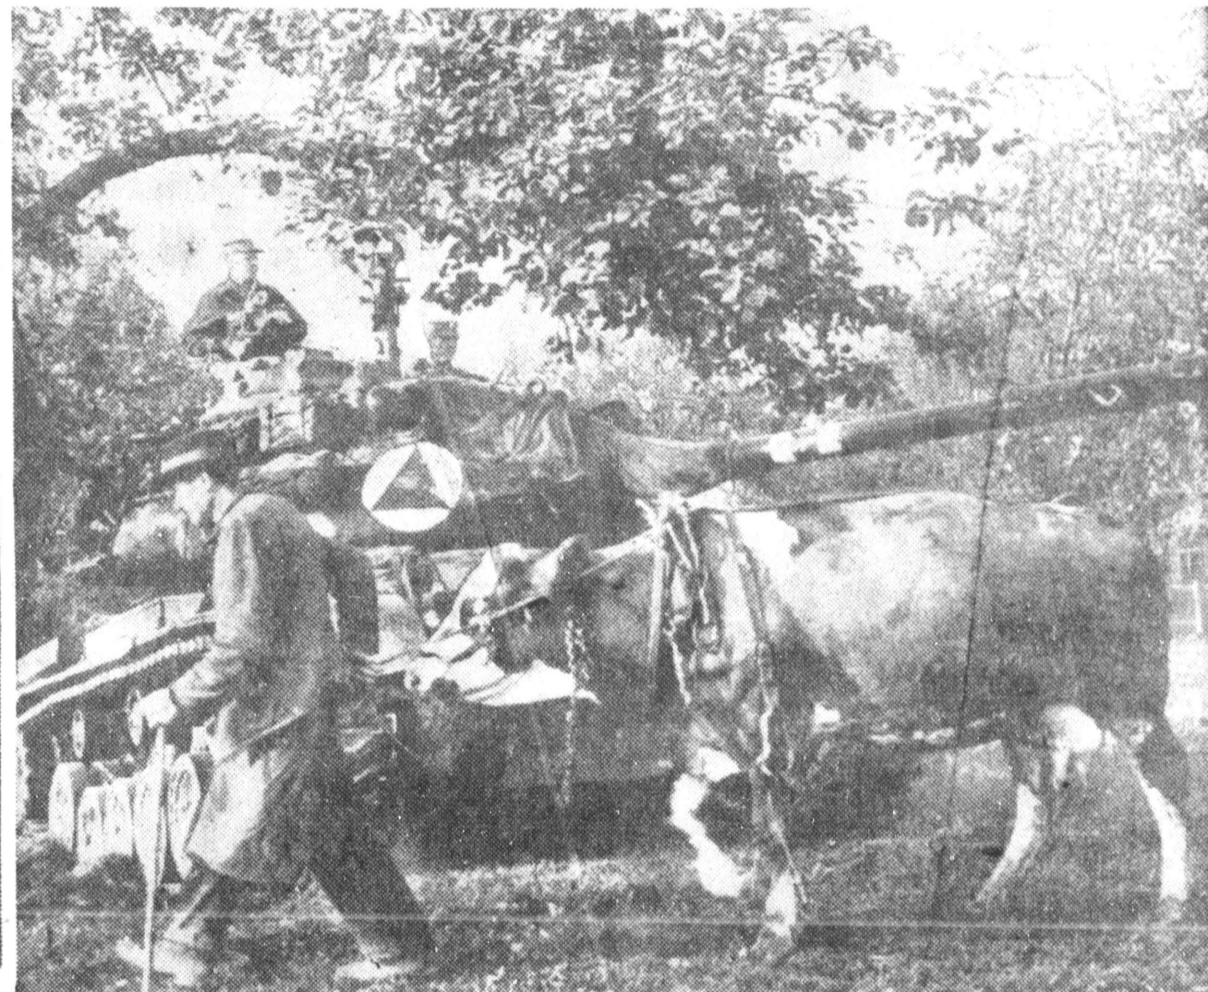

WELCOME SIGHT—Lovely Grace Kelly arrives in Hollywood by plane to start work on a picture, "The Swan," a good title, since that's what she is as graceful as.

IT'S (HOUSE) MOVING DAY—Instead of moving out of her home, Mrs. Gloria Kane decided to take it along. She moved three miles to New Springville on Staten Island.

A RADIANT QUEEN—Pretty Pat Thorson, newly-elected Sun Goddess of the Valley of the Sun, in Arizona, wants us to know she'll reign over first World Symposium on Applied Solar Energy in November. Scientists will confer on how to use the energy of the sun to benefit mankind.

"BOSSY" PULLS HER RANK—An armored tank stops in its tracks to give the right-of-way to a cow and an elderly farmer on a road in Stuttgart, Germany. NATO units in Europe are holding their fall maneuvers in the area. Troops have been given strict orders not to destroy fields and installations of residents and that goes for livestock.

CALL A COP!

CHICAGO—Police Commissioner Timothy J. O'Connor has suspended 17 police officers for not having city vehicle tax stamps on their private autos.

The wave of suspensions began when a motorist, who received a ticket for not having vehicle tax stamp on his car, spotted the cops' cars without them. The suspensions were for 30 days each.

Day of the Outlaw

By Lee Wells

Copyright 1955, by Lee Wells. Distributed by NEA Service, Inc.

THE STORY: Jack Bruhn's outlaw pack, striven by inner dissension, holes up in Bitter, Wyo., mired by a chink of law. The outlaws seize all the guns and ammunition, including the stock at the Frazin store. Tommy Ricks, the bartender, has been killed and when Vivian McLean hears of it, she insists on going to see Ava, Tommy's widow. Dan Murdoch, foreman of the Star ranch, accompanies her. At Ava's house is Tex Darrow, one of the outlaws, who is recognized by Vivian. Tex calls her "Belle" and says "It's been a long time since Wichita."

XV

VIVIAN looked down at Tex's hand and then up into his face. Some of her color had returned and now her lips had set, giving her a hard look that Dan had never seen before. Her eyes met Tex's in a direct challenge.

"I've forgotten Wichita and all concerned with it."

"A hard thing to do," Tex said and rubbed the back of his fingers along his jaw, considering her, one brow lifted. "Forgetting ain't a one-person thing, Belle."

"You waste your time," she said sharply. "How is Ava?"

"Step right in. She's a mite drunk."

"Your doing, Tex?"

"Belle, I never poured a slug of whisky down nobody's throat. I brought the bottle, but she did the drinking."

Vivian stepped around Tex to enter. Dan started to follow but Tex moved in front of him and now his black eyes were hard and mean.

"You ain't got an invite friend. Get on about your business."

Vivian turned, just within the doorway. "It's all right, Dan. I want no trouble on my account. Her scornful eyes cut at the outlaw. "Tex will be no bother. He never was."

Dan was surprised that the bar was open. Tommy lay dead in the back room of Larry's barbershop next door and Ava was home. The outlaws themselves had

of what went on behind them, realized that this deadly stripping might do any unpredictable thing.

Pace slowly pushed his shot glass back with the tips of his slim fingers. He straightened, each move deliberate.

Juarez stirred, snatched his hand on the wood, the sound starting.

"This fool—" Pace's swift gesture checked the half breed.

"He tells us what to do," Pace finished softly. His hand moved to his pocket, not his gun. He fished out a gold coin and dropped it in the bowl. "He's right. Ante up. Be honest men for once in your lives."

He looked at his companions. They stood surprised a moment and then each of them pulled out coins and dropped them in the bowl. Jack Bruhn stirred and arose, came heavily to the bar and made his contribution. Dan picked up the bowl to put the money in the cash drawer. Pace shook his head.

"Leave it there, friend, in plain sight . . . so no one will forget."

He smiled, guileless, and his voice grew soft. "I promise you no one will take anything out of it."

DAN believed him. He hastily poured another shot and downed it as Pace's lips widened in a smile.

"I scare you, don't I?" he asked, pleasure in his silken voice.

Dan's head jerked up as he started to make a swift denial. "You'll never know."

"But I do," Pace purred and lifted his glass in a mock salute. "It'll be fun to kill you someday."

Hal Crane came in. He stood just within the room and glanced quickly at each of the outlaws. None of them spoke, only looked briefly at him.

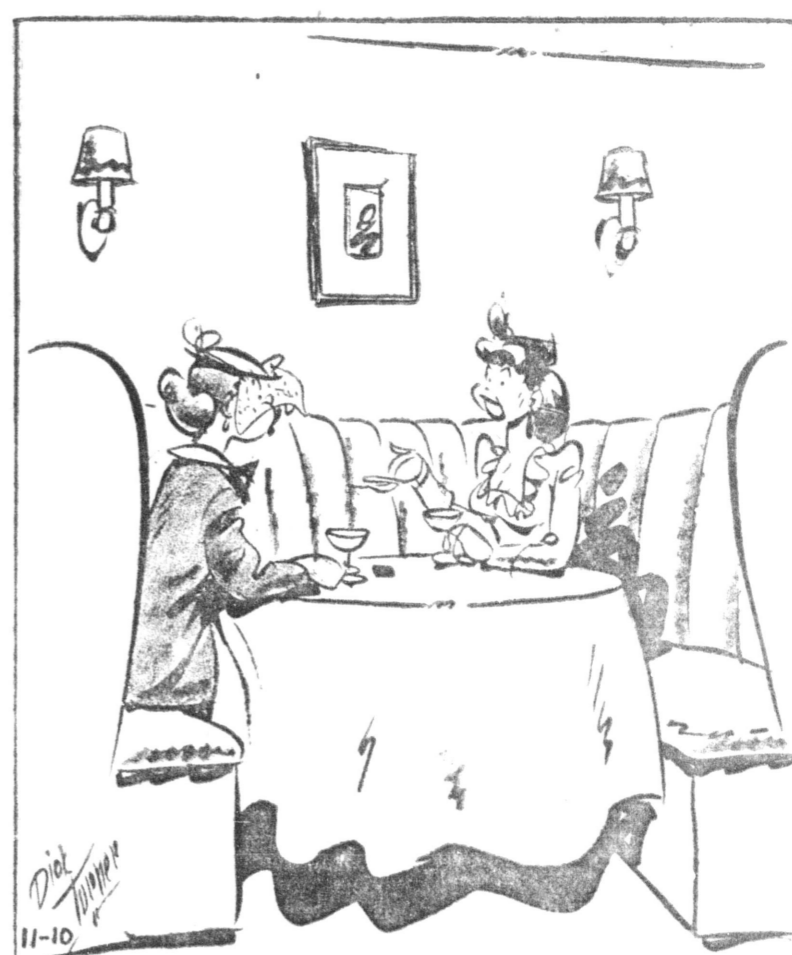

Crane saw Dan behind the bar and he nodded curtly and came forward. Denver looked up, then back at his glass.

"Help yourself, Hal," Dan said. He nodded toward the bowl of coins. "And pay the piper there."

Woodson, Jefferson Illinois Halfbacks In TV Tilt Saturday

CHAMPAIGN, Ill., Nov. 10.—Juniors Abe Woodson and Harry Jefferson will be Illinois' starting halfbacks for the regionally-televized Big Ten game at Wisconsin Saturday. Coach Ray Eliot promoted Woodson to the first team over senior "Mickey" Bates, and said that he expects Jefferson to play despite a torn rib cartilage suffered against Michigan.

Jefferson's injury caused considerable realignment of Illinois' backfield. Sophomore Bob Mitchell, running star of the Wolverine upset, has worked with the first eleven throughout the week and probably will play more against the Badgers than he has in any other game this season.

Supporting Jefferson and Mitchell is junior Rolla McMillen, who has shifted from right to left halfback because of the uncertainty of Jefferson's ability to play this week. McMillen is not new to the left half back post, having started at that spot against Purdue in 1952.

Braves Assured Of 658,350 Fans In 1956

MILWAUKEE (P)—The Milwaukee Braves, thanks to a brisk business in ticket renewal sales, already are assured of 658,350 customers for next year.

Season ticket sales have passed the 9,405 mark and Ticket Director Bill Eberly Thursday predicted a possible overall total of 10,500 by the end of the Braves' four-week mail order drive.

"We're now contacting the remaining 700 of last year's ticket holders by phone," Eberly said. "Once we find out their status we can start working on new orders in about 30 days."

Eberly said new applications have been received from 49 fans representing 141 ticket holders and he expected an upsurge in such sales as the spring training season draws near.

Eberly said he doesn't expect 1956 season ticket sales to reach last year's total of 11,922. The big magnet last year, he explained, was the All-Star game.

If West Virginia Tops Pitt, Bowl Bid In Sight

MORGANTOWN, W. Va. (P)—West Virginia's unbeaten and untied football team will get a major bowl bid—probably to the Sugar Bowl—early next week if it can whip powerful Pitt in Saturday's traditional head-bashing at Pittsburgh.

following injury to J. C. Caroline. Illinois should be in better physical condition, with the exception of Jefferson's injury, than against Michigan last week. Guard Bob Baretto should be ready for at least part-time activity, although George Walsh will start at the spot where he starred against the Wolverines.

Quarterback Em Lindbeck's bruised knee is greatly improved, and all other injuries are considered minor. Several Illinois developed colds early this week, but latest information is that they have recovered, and that their play will not be affected this week end. With this report, Coach Ray Eliot decided against any further lineup changes.

Illinois reached its season's peak both offensively and defensively in the 25-6 upset of Michigan last Saturday. Although its offensive production of 438 yards was second to the 453 yards compiled in the season opener at California, there could be no doubt that the Wolverine defense was more formidable. Also, Illinois held Michigan's top ranking offense to a mere 174 yards.

Still, this week's game will mark the first time this season that Illinois has met an offense ranked higher nationally than its own. Illinois now are rated sixth in the nation in total offense, while the Badgers are fourth.

Illinois has achieved its 345.9-yard per game average mainly on the ground. Illinois rank 10th in rushing offense with a 239.1-yard per game average, while Wisconsin is not in the top 14.

Wisconsin, on the other hand, rates sixth nationally in passing offense with a 147.3-yard per game average. Illinois' average of 106.8 is not among the top 166.

The Badgers boast one of the nation's top collegiate passers in senior quarterback Jim Haskins, who has completed 57 of 99 attempts for 810 yards and five touchdowns. He will thoroughly test an Illinois pass defense which had been leaky until last week's fine showing against Michigan.

Illini boast one nationally-ranked performer in Jefferson, who has gained 503 yards by rushing in seven games. Moreover, Illinois has a well-balanced rushing attack which has been blended successfully with Lindbeck's timely aerials.

The Big Ten television game of the week, the Badger-Illini tilt will begin at 1:30 p.m. (CST).

FAN BREEZES

BY BILL MERRIS

All indications point to a rugged contest tonight as the undefeated Illinois School for the Deaf Tigers journey to Galva, seeking their ninth straight. In Galva, where former IC great Bob Grove is basketball coach and athletic director, the Spukmen will be up against a club that won its conference football crown with a 6-0-1 record and has an overall mark of 6-1-1 for the season. Galva, a member of the Black Hawk loop, lost its only contest to ROYA, a consolidated unit.

Galva's football coach is Ralph Barclay, a former West-Peru performer. Barclay has a big defensive line, four players the scales at or over the 200 mark. A Kewanee scribe reports they have one of the biggest lines in the area. Galva has scored 130 points in seven conference games while holding their opponents to only 38. Quite a defensive record.

However, the Tigers are in top shape for tonight's contest and want this game more than anything else. Jim Spink has done a wonderful job with this year's squad and the boys hope to make this year the most successful ISD football year since 1928. It was in 1928, only two years after the Tigers became members of the state association, that the Tigers went undefeated in the grid sport. However, this was a sort of a fluke. Two of these victories came on forfeits when it was learned that two opponents had played boys over the age limit. These two schools were Waverly and Champaign.

Both Waverly and Champaign had defeated ISD during the season and it wasn't until the season had ended that the scores were reversed. The other six games were victories for the Tigers.

1928 scores:
Illinois 19-14
Champaign 2-0 (forfeit)
Pittsfield 32-6
Wisconsin 33-0
Waverly 2-0 (forfeit)
Pawnee 49-13
Diverson 32-0
JHS 13-0

Coach Spink is already looking to next year. The ISD mentor has three open dates on his football schedule. He is looking for opponents for September 14 or 15, October 19 or 20 and November 9 or 10. Anyone interested get in touch with Jim. The ISD athletic director is looking for grade school basketball games.

Routt principal George Lehner has informed us the Routt season tickets are now on sale. Fans can purchase the season pass from all Routt seniors or at the school office. We might add it will be a good idea to get a ticket ahead of time. Last year's Regional champs will play all home games in Our Saviour's gym, where the seating capacity is around the 500 mark. There will be a reserved section for the season ticket holders.

Boudreau Scoffs At Report A's Use Telescopes

CHICAGO (P)—Manager Lou Boudreau of the Kansas City Athletics Thursday scoffed published reports the A's used a surveyor's telescope in the bull pen to seal signals from American League rivals last summer.

"It is not true, to my knowledge," said Boudreau.

"I read where this was supposed to be a well kept secret," said Boudreau at his Harvey, Ill., home. "It was no secret if the Yankees or any other club knew about it, as this report implies."

Asked whether his "to my knowledge" qualification might indicate players in the center field bull pen used a telescope and signalled pitches on their own, Boudreau replied:

"I don't know how any manager would not be aware of such a thing."

The published story said the surveyor's telescope was borrowed from a group of workmen at the A's ball park and Kansas City bull pen pitchers would steal signs of rival catchers.

A bunched-up towel on the bull-pen fence would tip a signalled curve ball. If the towel was removed, a fast ball was due.

Arnold Johnson, A's owner, took the same view as Boudreau, that such tactics would have been observed and publicized in short order.

"If anything like that were done, especially something as obvious as peering with a telescope, it would be seen by everybody in that vicinity of the ball park," said Johnson, a Chicago businessman.

According to the published story, the telescoping developed after the Yankees complained the A's were stealing Yogi Berra's signs at Kansas City via some relay from the center field bull pen.

Six Downstate Prep Elevens Out To Keep Clean Slates Tonight

SPRINGFIELD, Ill. (P)—Six downstate prep football teams seek to overcome final hurdles this weekend to record unbeaten, untied season performances.

The failure of any of them to make the grade would be considered a major upset in view of their achievements to date.

The mastery of Elgin's big eight conference champions is expected to be reaffirmed at LaSalle-Peru Friday against a club that has lost five of eight games. Elgin has eight successes.

Lawrenceville, Sycamore, Pana and Arcola stand among the elite group which wind up schedules in features on Veterans' Day. With them is ranked the Illinois school for the deaf at Jacksonville, facing a Saturday game with Galva as the last obstacle to a skein of nine loss-free tilts.

Lawrenceville needs a win at Bridgeport to sew up a spotless nine-game card and mark the Indians' third straight undisputed North Egypt Conference Crown.

Sycamore is host to St. Charles. Pana, assured of at least a share of the Midstate title, must overcome a Taylorville squad to remove all dispute to its claims. Pana too, shoots for a clean sweep of nine games this year, the first flawless season in its history.

Arcola collides with Newman, aiming to wind up a second successive perfect season with a total of 17 victories in a row and to grab an Okaw Valley co-championship.

Peoria Woodruff has two more games to go in its quest for a perfect season, with the first one against East Peoria Friday. Woodruff's a heavy favorite.

In the southern area, the headliner brings together Carbondale and Murphysboro for the Southwest Egyptian pennant.

New Feud, Old Rivalry Highlight College Football Saturday

By HUGH FULLERTON JR., The Associated Press

Most of the 46,000 spectators who'll watch the 78th Yale-Princeton football game Saturday likely would wonder why a lot of other folks are getting steamed up about a game between Clemson and Maryland—and vice versa.

Clemson hadn't even been founded and Maryland was just a little cow college when Yale and Princeton played their first game in 1873. Saturday's meeting between the two southern institutions is only the fourth in an association that came about through the formation of the Atlantic Coast Conference.

The Clemson-Maryland winner likely will go on to the ACC championship and to the Orange Bowl game, Jan. 2. Maryland is ranked for a big victory to go ahead of Oklahoma. Clemson's Tigers haven't even scored on Maryland's Terrapins in three previous games, but they've brought the margin down each year and are hoping for an upset this time.

The 41st in a tradition-packed series between Texas and Texas Christian is another which may have an important bearing on the bowl situation but the Southwest Conference race probably won't be settled before Thanksgiving Day. Texas and TCU now are second and third in the standing, behind Texas A. and M., which is unbeaten in conference play but ineligible for the Cotton Bowl or other post-season competition. The Aggies are favored over Rice.

The other big games this week-

Champaign and Decatur can split the Big 12 crown if they defeat Streator and Pekin respectively. However, Peoria Central's Lions are still in the running for a share if the Lions beat Mattoon Friday and Peoria Manual Thanksgiving Day.

Report Senators And White Sox In Possible Deal

CHICAGO (P)—The trade-minded Washington Senators and the Chicago White Sox will huddle on a possible deal at Columbus, Ohio, Nov. 28.

Sox vice-president Chuck Comiskey conceded Thursday he has had phone conversations with Washington's Calvin Griffith, who Tuesday worked a big deal with the Boston Red Sox.

While Comiskey declined to mention any names, it was reported the Sox are willing to surrender a first sacker Walt Dropo and a pitcher for possibly infielder Pete Runnels, pitcher Pedro Ramos and catcher Clint Courtney of the Senators.

The Columbus parley, during the minor league meetings, will be attended by Comiskey and Manager Marty Marion of the Sox and Griffith and manager Chuck Dressen of the Senators.

NAVY FIRST

NEW YORK (P)—Despite its 7-7 tie with Duke last Saturday, Navy continues to maintain first place in the Lambert Trophy voting. The award is given annually to the college football team deemed to be the unofficial eastern champion.

and could stir up a lot of excitement and possibly jumble a few conference races, but they aren't expected to settle anything.

Oklahoma, the No. 1 team in the AP rankings, is expected to continue its all-winning march toward the Big Seven title and the Orange Bowl when it plays Iowa State Saturday. But Colorado could knock Nebraska loose from its share of the conference lead.

Michigan State, No. 3 team nationally, tackles Minnesota as part of its effort to get a second Rose Bowl bid. But Michigan, tied with the Spartans for second in the Big Ten, plays Indiana and Ohio State, at the top of the standing but ineligible for the bowl game, faces Iowa.

UCLA, leading the Pacific Coast march to the Rose Bowl, plays Washington and runner-up Oregon State meets California. The ranking teams are expected to win handily.

In the Southeast Conference, where both the Sugar and Cotton Bowls are eyeing the leaders, first-place Mississippi plays Houston in a non-conference night game, second-place Auburn meets Georgia, and Mississippi State encounters Louisiana State and Georgia Tech plays victoryless Alabama.

Another bowl-hopeful team, West Virginia, already winner of the Southern Conference title, opens the final stage of its campaign against its oldest rival, Pittsburgh. Notre Dame, a ranking team that spurns bowl bids, moves south to play North Carolina.

Grimsley Picks Army, Oklahoma To Win Sat.

By WILL GRIMSLEY

MORGANTOWN, W. Va. (P)—Here in the land of the Hatfields and the McCoys, West Virginia and Pittsburgh are sharpening their pick-axes for their annual football feud Saturday in Pittsburgh.

West Virginia is unbeaten, untied and bowl-conscious. The game is the great spoiler. We came down to get out of town and avoid the embarrassment of last week's 29-17 picking effort, which lowered the season's mark to 7-4.

West Virginia 20 Pitt 13: The Mountaineers are averaging 436 yards and 34.1 points per game, and this is the game they've been pointing for.

Oklahoma 49, Iowa State 0: The Nation's No. 1 team continues to coast into the Orange Bowl. Maryland 27, Clemson 13: The Tigers, who have lost only to Rice, could be very tough but Maryland has too much depth for a let-down.

Notre Dame 34, North Carolina 7: The Tarheels are improving but they lack the equipment to halt the Fighting Irish.

Michigan 21, Indiana 19: Good chance for an upset here. Michigan may have to pull another of its last-gasp finishes.

Texas Christian 28, Texas 21: The Cotton Bowl is the incentive. Texas has won three toughies in a row. TCU rested last week.

Michigan State 20, Minnesota 0: The Spartans probably have developed into the best team in the Middle West.

Princeton 28, Yale 20: Royce Flippin is back for the single-wing Tigers; Yale left a lot of fight on the field against Army.

UCLA 34, Washington 12: This was supposed to decide the Rose Bowl host but the Huskies haven't won in more than a month.

Tulane 20, Vanderbilt 19: Two Dixie teams on the rebound. So close a kick may decide it.

Navy 45, Columbia 7: Another rout but we'll concede a touch-down to Columbia's Claude Benham.

Army 21, Pennsylvania 7: No easy one for the three-beaten Cadets. Penn. without a victory in two years, is flaunting more muscle.

Women Wrestlers Feature Monday's KC Mat Program

Wrestling returns to Jacksonville Monday evening and once again the women will highlight the program. This time, however, four girls will be on hand to take part in what is expected to be the greatest show ever presented in the local ring. These four girls, who are "real lookers" as well as wrestlers, will tangle in an All-Star tag match. This match will be the co-feature event. A pair of men's bouts will form the other attractions.

Lorraine Johnson, pictured, will be one of the girls. The blonde bombshell was in town last month and proved too much for Rose Roman to handle. Johnson defeated Roman in two out of three falls. Joining Johnson will be Mona Waukazo, Ada Ash and Shirley Strimble. Strimble made an appearance some time ago and made a hit with local fans. Monday's show will be the first local appearance for Ada Ash and Mona Waukazo.

Miss Ash is the gal who bends iron bars and wrestles alligators in her spare time. This 4-11 gal learned to wrestle when a youngster. It seemed her three older brothers liked to pick on her so she took up the "grunt and groan" sport in an effort to hold her own. She succeeded and they don't pick on her today.

Tickets for this match can be purchased at Mac's Clothes Shop and Bahan's.

Shakeup In Athletics At Northwestern

EVANSTON, Ill. (P)—Northwestern University Thursday announced a reorganization plan for its athletic department in which Ted Payseur was dropped as athletic director and named assistant business manager.

The plan was announced by President J. Roscoe Miller after consultation with the Faculty Athletic Committee and with university administrative officers.

Dr. Miller said no successor to Payseur has been named but he will continue to serve as athletic director until the Faculty Athletic Committee makes recommendations for a new director.

"Northwestern has no intention of withdrawing from the Big Ten in any sport in which we now compete," Miller said today. "The reorganization requires a new director of Athletics who will be free to evolve a program consistent with membership in the Western Conference. Responsibility as to all personnel in the athletic department will be in the hands of the new director."

Under the new program, Payseur will supervise general promotion, advertising and ticket sales for athletic events. In this capacity he joins the administrative staff as assistant business manager, Miller said.

The campus editorial, which came out following a 49-0 defeat by Ohio State, pointed out that Northwestern had won only one Big Ten football game in three years and was not able to compete with Western Conference teams.

Bob Voigts was fired as football coach last year and was succeeded by Lou Saban who was given a one-year contract.

JHS In Final Game Tonight At 7:30; ISD Seeks Ninth Straight

Tonight winds up the 1955 football season for local fans. The Jacksonville High School Crimsons play host to Hannibal on the JHS field at 7:30 tonight and the undefeated Illinois School for the Deaf Tigers journey to Galva for a 7:30 encounter. Tonight's games will end grid activity on the local front since the other two schools, Routt and Illinois College, finished last weekend.

Crimsons After 6th Win

Coach Bob Kraushaar's Crimsons will be out after their sixth victory of the year when they take the field against visiting Hannibal, a team the locals haven't played in years. The present JHS record shows five victories, two losses and one tie. The wins have been at the expense of Macomb, Carlinville, Beardstown, Feitshans and Taylorville. The two losses came at the hands of Notre Dame and Pittsfield. The lone tie was at Lanphier on the rain soaked field.

Coach Kraushaar has announced he will stick with his seniors in the starting unit. Tonight will mark the final appearance for quarterback Lewis, halfbacks Larry Scott and Bill Nunn, ends Tom Coats and Jack Fairfield, tackles Bill Deaton and Bob Travis, guards Ron Sumpter and Bob Adams. The only underclassman in the line is junior Andy Birdsell and the only underclassman in the backfield will be fullback Mike Hudson, a freshman. Hudson is starting in place of the injured Skip Dyer, who is a junior. Dyer is out for the season with a bad leg.

Nunn goes into tonight's game as the Crimsons' leading scorer with 11 touchdowns to his credit. Scott has seven TDs. Lewis, another player playing his last game, has been great all year running the club from the tee and split tee formations.

The Jacksonville coaches have scouted Hannibal a couple times and are aware that the Missouri team is big and rugged and has two fine backs. One tackle weighs in at 318 pounds.

Tigers Want Win Number 9

Meanwhile, the eyes of Jacksonville and the state will be on Galva where the ISD Tigers go after their ninth straight victory of the season and their first undefeated season since 1928. It was in '28 the Tigers won eight straight, two on forfeits.

The Tigers, sparked by a very fine defensive line and the running of Paul Mehring and Bob Benson and the quarterbacking of Al Duncan, own a clean 8-0 mark at the present time. These eight victories have been over Petersburg, Carrollton, Mt. Sterling, Staunton, Missouri, Ohio, Wisconsin, and Duplo. ISD is one of the six downstate teams that are undefeated at the present time.

Coach Jim Spink will make a lineup change for tonight's contest, which will get under way at 7:30. Center Bob Middlebrook, who ran very well out of the fullback spot last weekend against Duplo, will start at that position tonight. His place at center will be filled by Captain Don Phelps and Phelps' guard position will be filled by a 6-2, 185 pounder, Bob Hammack. The rest of the starting lineup will be the same. Bill Zachariasen and Raymond Higdon will be at the ends, Bill Ritchey and Ted Schultz at the tackles, and Norman Berletich at the other guard. The back

field will find Duncan at quarterback, Paul Mehring at left half and Benson at right halfback. Mehring joins Nunn as Jacksonville's two leading scorers.

Linemen Getting Share Of Credit For Showing Of Nation's Top Teams

By TED SMITS

NEW YORK (P)—Linemen are coming in for more than ordinary attention in 1955 All-America football appraisals as the defense shows statistical signs of regaining some of the ground lost to offense in recent years.

Reports from Associated Press Regional All-America Boards give full credit to the forward wall for the performances of some of the nation's top ranked teams.

Singled out for special commendation are Bob Bollinger, guard on Oklahoma's No. 1 team; Bill Walker, end for No. 2 Maryland; Buck Nystrom, guard for No. 3 Michigan State; Hardiman Cureton, guard for No. 4 U.C.L.A.; Jim Mense, center for No. 5 Notre Dame; Bruce Bosley, tackle for No. 6 West Virginia; Ron Kramer, end for No. 7 Michigan; Hugh Pitts, center for No. 8 Texas Christian; and Jim Parker, guard, for No. 10 Ohio State.

The Associated Press All-America team will be announced Dec. 2 after reports have been sifted from all regular season games.

In addition to the linemen on teams in AP's Top Ten, others who have attracted warm praise include Bill Meigs, Harvard, guard; John Jankans, Arizona State at Tempe, guard; John Wittle, Oregon State, tackle; Jim Houston, Washington, end; and Scott Suber, Mississippi State, guard.

In the Midwest, Parker is rated the offensive-defensive stalwart of

MIAMI, Fla. (P)—Oklahoma has appealed for more Orange Bowl football tickets but it's doubtful that the Sooners will get them.

Ernie Sotter, Orange Bowl general manager, said Oklahoma, which will represent the Big Seven in the Jan. 2 game here, "is being besieged for tickets by its fans."

A total of 12,149 tickets were allocated to Oklahoma and a similar number reserved for Maryland, which is expected to represent the Atlantic Coast Conference in the Orange Bowl game.

The only way Oklahoma could be given more tickets, Sotter said, would be to divert some from the public sale planned in December. Last year, only 6,000 tickets were offered at the public sale and they were grabbed up in two hours.

The stadium capacity has been increased by 7,500 since last year to a total of 76,300.

Arnold Johnson Interested In Pro Grid Club

CHICAGO (P)—Arnold Johnson, who is satisfied he is making progress with his Kansas City Athletics, said Thursday he also would be interested in buying a National Football League franchise for Kansas City.

The Chicago industrialist said he didn't have any particular pro football club in mind, but would buy "on the proper basis."

It was rumored previously the Chicago Cardinals were eyed by Johnson, but Walter Wolfner, managing director of the Cards said the club will stay in Chicago.

Johnson said he has not made any offers for a football club, but that he was convinced Kansas "ready for big league football, just as it was for big league baseball."

The pro football team would play in Kansas City Municipal stadium which is the home of the A's.

"It's perfect for football," Johnson said. As for the baseball A's, Johnson said "re-subscription" of season tickets has reached the 60 per cent mark of last year. He said Kansas City fans realize the club needs considerable rebuilding and that he is directing every effort towards this goal.

"We haven't made any big deals like the Washington-Boston one this week, but that doesn't mean we won't," said Johnson. "Since I took over a Kansas City, we spent \$700,000 for players just merely to fill up our farm system. I'd say we have acquired close to 150 players, many of whom, of course, have come and gone."

New York Stock Market

NEW YORK (AP)—The Stock Market ran through a string of four strong advances, and then Thursday it turned down.

The market started briskly with prices headed higher. The second hour found it at its best. Thereafter a slow retreat cut back the market on all fronts. It was at its worst at the close.

Losses still were quite mild for most of the list and seldom were greater than 2 points. Gains usually were cut off at around a point.

The Associated Press average of 60 stocks was off 30 cents at \$175.10. Wednesday it was ahead \$1.60, and at that time the average had retraced two-thirds of the great loss registered in the reaction that came with news of the President's heart attack.

Volume came to 2,550,000 shares as compared with 2,580,000 shares traded Wednesday.

Prices on the American Stock Exchange were mixed. Volume amounted to 670,000 shares as against 810,000 shares Wednesday. Corporate bonds were higher. U. S. government issues in the over-the-counter market were mixed.

New York Bond Market

NEW YORK (AP)—Selected rail and industrial convertibles led the Bond Market higher Thursday.

U. S. treasury obligations firmed in the over-the-counter market for the first time this week. After losses ranging up to 11-32 and 14-32 on Monday and Wednesday, most of the governments swung over to the plus side.

Corporate trading amounted to \$4,250,000 par value on the big board, compared to \$4,690,000 Wednesday.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—A broad shipping outlet helped most butcher hogs to sell steady to 25 cents higher Thursday. But at the close several hundred head were steady to 25 cents down. Sows sold steady to strong.

Buyers paid \$12.75 to \$13.50 for most 180 to 220 pound butchers, going up to \$13.75, the top for around 200 head. But late sales of 230 to 270 pounders were in a \$12.50 to \$12.75 range.

Arrivals at 16,000 head. The 1,000 above the advance estimate. Sows were taken at \$11.00 to \$12.25.

Only 2,000 salable cattle arrived. Steers sold steady to 50 cents down and heifers weak to 50 cents lower. Prime steers topped at \$23.00 while choice grades were taken at \$18.00 to \$21.50. Buyers paid \$19.50 for a few choice heifers.

Cows dropped 25 to 75 cents, utility and commercial selling for \$8.25 to \$10.50 and canners and cutters for \$6.00 to \$8.50. Vealers were about steady at \$19.00 to \$23.00 for most good and choice types.

Salable sheep receipts totaled 1,500. Lambs were steady to weak. Buyers paid \$17.50 to \$19.50 for good to choice offerings while about 30 head of choice and prime reached \$19.75.

MOST GRAIN FUTURES END LOWER DESPITE LATE PRICE RALLY

By WILLIAM FERRIS

CHICAGO (AP)—Most grain futures ended lower on the Board of Trade Thursday although final prices were considerably above the day's lows.

It wasn't until late in the session that the market showed any rallying ability. The upturn stemmed primarily from short covering. It enabled new crop wheat futures, plus a couple of oats contracts, to end with small gains.

Wheat closed 1/8 lower to 1/4 higher, corn 1/2-1/4 lower, oats 1/4 lower to 3/8 higher, rye 1/2 lower to 1/4 higher, soybeans 1/2-1/4 lower and laid 15 cents lower to 5 cents a hundred pounds higher.

Corn was the largest loser. One item behind the selling was withdrawal of a couple of large buyers of cash corn from the market, which resulted in lower prices for the cash article. There also was some selling prior to issuance of a government crop report.

The government predicted a crop of 3,182,870,000 bushels, a fair jump over the 3,117,739,000 bushels forecast a month ago. But it still was well under the 3,477,711,000 bushels forecast August 1, before the drought took its toll.

In early dealings the new crop wheat futures were sold on a forecast for light rain in parts of the dry Great Plains. These months rallied quickly toward the close. Cold weather also was forecast.

Soybeans were subjected to mild liquidation. In the cash market soybean meal showed a slight sign of reviving, being quoted at \$48.50 to \$49.00 a ton compared with the ten year low of \$48.00 to \$48.50 Wednesday. Bean oil held unchanged.

Yugoslavia purchased some additional quantities of red wheat. Spain wanted 30,000 tons of refined soybean oil. Holland and Ireland bought a little corn.

Some traders felt the government's estimate on soybeans would show an increase from a month earlier, and consequently sold beans on that prospect. It turned out to be wrong. The crop was estimated at 371,898,000 bushels against 374,816,000 a month ago.

Lard futures eased with grains although loose lard held unchanged at 10 1/4 cents a pound. The government has purchased 1,915,200 pounds of lard in its price support program for live hogs. It will accept additional offers Nov. 21.

Insurance Men Map Program

A meeting of the Jacksonville Association of Insurance agents was held Wednesday noon, Nov. 9, at the Dunlap Hotel. The president, Gail Ramon, presided.

The following agents were present: Earl Grogan, Gertrude Ayers, Joe Doyle, Wilford Queen, Chester Colton, Gail Ramon and Harold McCarty, secretary.

Considerable discussion was held regarding new forms, publicity and programs, both for the benefit of member agents and the public in general.

Announcement was made of the state convention which is to be held Nov. 27, 28 and 29 in Chicago. Several agents indicated the intention of attending the convention.

Plans were made for the December meeting to take the form of an evening dinner for the agents and their wives. It was also decided the offices of member agents would close Friday, Nov. 11, in observance of Veterans Day.

The Foreign Office did not ask the Arab countries which will be asked to support Eden's appeal, but presumably representations will be made to Egypt, Jordan, Syria, Saudi Arabia, Lebanon and Iraq.

It was made plain that the new diplomatic initiative stemmed from Western fears that Communist shipments of arms to the Arab countries might lead to a major war.

ROME (AP)—Egypt is buying 30 Vampire jet fighter planes from an Italian firm. It was learned from an authoritative source Thursday night.

Delivery of the new planes under a cash-on-delivery contract signed six months ago is expected to start next month. The purchase price is not known.

Recent deliveries of arms from Red Czechoslovakia to Egypt via Soviet Black Sea ports has caused alarm among the Western Powers over a possible resumption of open war between the

Robert (Pete) Lacey Killed By Train At North Main Crossing

Robert Ora (Pete) Lacey, 43, custodian of the Jacksonville Country Club, was injured fatally at 12:57 o'clock Thursday morning when a troop train struck his car at the North Main street crossing of the Wabash railroad.

Lacey, who resided at 916 Hockett avenue, lived only five minutes after arrival at Passavant hospital. Head injuries were the cause of death.

The eastbound train, an extra, struck the 1955 Pontiac slightly past center. The impact caused both doors to fly open, and Lacey was hurled to the ground. He was thrown to the side of the rails and the train did not run over him.

Lacey was driving north at the time of the tragedy.

The train carrying U. S. servicemen, in charge of Russell Stanley, engineer, and Harry K. Six, con-

ductor, both of Decatur, stopped after the impact. Members of the crew and a number of other persons, attracted by the crash, gathered at the scene.

Patrolmen Dodsworth, Hill, and Quinlan rendered assistance.

Morgan County coroner William L. Hawks attended the scene of the accident and began an investigation. He will hold an inquest at a later date.

The Pontiac was battered but not badly damaged by the collision. Officials who viewed the car said Lacey's death was due to the force with which he was thrown to the ground.

Lacey had been custodian of the Country Club 18 years, and was well known in this community.

He was born in Morgan county July 5, 1912, son of Samuel and Alice Long Lacey.

Surviving are his wife, Mrs. Stella Menezes Lacey, to whom he was married in 1933, one daughter, Norma, at home; his father, Samuel Lacey of this city, and the following brothers and sisters: Bert Lacey, California; Joseph Lacey, Jacksonville; Floyd Lacey, Anamosa, Iowa; Harvey Lacey, Omaha, Neb.; Theodore Lacey, Sterling, Ill.; Mrs. Esther Wiseman and Mrs. Dollie McEvers, both of this city; Virginia Lacey, Morrison, Ill.; and Mrs. Katherine Suetkamp of Indiana. He was preceded in death by one brother and one sister.

The remains are at the Williamson Funeral Home, where services will be held at 2 p.m. Sunday, in charge of Rev. William J. Boston. Burial will be made in Memorial Lawn cemetery.

The family will meet friends from 7:30 to 9 p.m. Saturday at the funeral home.

PHYSICIAN HONORED AT ANNIVERSARY DINNER

Frank R. Rantz, toastmaster at Wednesday evening's anniversary dinner for Passavant Memorial Area hospital held at the Masonic Temple, presented a certificate of special merit to Dr. F. Garm Norbury, right, for his leadership in medicine and hospital administration.

Passavant Now 80 Years Old

"The Jacksonville area stands as a symbol of Christian cooperation between the hospital and the churches of the section," declared Ralph L. Minker of Wilmington, Del., Wednesday evening when he spoke at a dinner meeting held by friends of Passavant Memorial Area hospital as they commemorated the 80th anniversary of the institution.

Minker was a leader in the successful 1949 fund raising campaign that made possible the present facilities of the hospital. More than 300 friends of the association attended the dinner held at the Masonic Temple.

"The glorious thing about the hospital is perfectly, wonderful spirit of cooperation in the area," Minker asserted. "The hospital reflects the ideals of the churches that have supported it through the years, those churches who must see to its welfare in the years to come. Your cooperation is one that could well set a pattern for all areas, all states, all nations."

"A Heart and a Mind"

"Hospitals have been built by men who had both a heart and a mind. Working toward a common goal develops a kinship of kindness to others. God has a kingdom to give to His children, it They only want it."

Minker also announced the receipt of a \$1,000 gift from the estate of the late Dean Martin, Evanston architect who designed the new hospital building. It may be used for laboratory equipment, or any other need at the discretion of the trustees.

Rev. W. H. Pankhurst, pastor of Pilgrim Congregational church, pronounced the invocation prior to the serving of a turkey dinner by the Order of Rainbow Girls and Mothers. Harry A. Hammett, president of the board of trustees, welcomed the assemblage and presented Frank R. Rantz, who served as master of ceremonies.

Dr. Norbury recognized Rantz introduced special guests and gave a certificate of special award to Dr. F. Garm Norbury, Jacksonville physician, "for his outstanding service in military and civilian medicine and hospital administration."

Norbury is the president of the Illinois State Medical society.

The Passavant Hospital School of Nursing Chorus sang several choruses. The 17 voices were directed by Miss Phoebe Woodward of MacMurray College.

Table decorations consisted of autumn flowers, leaves and evergreen cones. Pierced Orange hedge balls served as centerpieces.

The benediction was given by Rev. Harold Dodson, pastor of First Methodist church, Bluffs.

Leroy Wheeler, Carrollton, Dies After Accident

CARROLLTON—Leroy Wheeler, 23 year old Carrollton man who received injuries early last Sunday morning in an automobile accident on the Macoupin creek bridge south of Carrollton, died at 2:30 Thursday morning at the Boyd Memorial hospital where he had been a patient since the accident.

Wheeler was in a Buick convertible with two other young men who received minor injuries. The car, driven by George Graner of Carrollton, went out of control on the bridge, struck an abutment and came to a halt in the middle of route 67 highway. It was then struck by another oncoming car before the occupants could leave the vehicle.

Wheeler was thrown partially out of the car when it went out of control received severe head and facial injuries. The third occupant of the car was James Hayes, who is stationed with Graner at Fort Leonard Wood, Mo., and was spending the weekend with Graner at his home in Carrollton.

Wheeler was born at Carrollton Jan. 29, 1932 the son of Mr. and Mrs. O. L. Wheeler of Carrollton. He was in business with his father in the Wheeler Poultry company at Carrollton. His early education was received in Carrollton schools, graduating from the Carrollton high school and later from the Bailey Trade School in St. Louis and also attending the University of Illinois. He was in the Marines for three years during the Korean conflict.

Surviving are the parents; one brother, Melvin, and two sisters, Mrs. Ray Beckham and Mrs. Eugene Batty, all of Carrollton.

Greene county coroner William H. Wolfe will conduct an inquest.

The body was taken to the Mehl funeral home.

Services will be held at 2 p.m. Saturday at the Carrollton Christian church, with burial in the Carrollton city cemetery.

18 Days After Accident Shawen Still Unconscious

The condition of William Lee (Bill) Shawen, 24 year old former local resident who was critically injured Oct. 22 in an automobile accident in California, remains the same. For 18 days the injured man has remained in an unconscious condition.

He suffered a severe brain concussion and other serious injuries when the car in which he was riding struck a parked logging truck on a California highway. He is the brother of Mrs. Wahneetta Haley, 2143 South Main street. His father, also a former resident here and now of Portland, Ore., is at his son's bedside.

Other than opening his eyes the injured man has shown no other voluntary motion. His continued survival under such circumstances gives hope to the family for his recovery. He is a patient in the Humboldt General Hospital at Eureka, Calif.

Shawen had been working in a mill in Humboldt county and living at Shively, Calif. Another Jacksonville man, Dan Vanniter lived in the same area and worked at the same plant with Shawen. Vanniter and others have corresponded with Mrs. Haley informing her of her brother's condition since the accident.

Mr. and Mrs. Ben Hieronymus of Rock Island and their daughter, with her husband and three children, are spending the weekend with Mr. and Mrs. Herman Hieronymus.

CHRYSLER ANNOUNCES EXPANSION PROGRAM

WASHINGTON (AP)—L. L. Colbert, President of Chrysler Corp., Thursday announced a billion dollar five year expansion program but said even that probably won't be sufficient to fill expanding demands for new cars.

Colbert, in a new expression of the optimism sweeping the auto industry, envisioned a day when a large proportion of the nation's families will have not one or two, but three cars and garages to house them.

In a speech to the National Press club, Colbert estimated that in the years ahead the auto industry will have to build four or five million cars every year "just to replace those that are scrapped."

"And we are going to be working full time," he said, "to supply the increasing demand from people who will be buying cars for the first time and those who will buy second and third cars to make life more enjoyable."

Citation Honors

Mrs. Engelbach At National U.C.W.

Cleveland (AP)—Fifty-six women from 18 states were cited for "Christian citizenship reflected in active participation in making and maintaining good government" by the United Church Women today.

Those cited were nominated by their local Councils of Church Women and selected by a national committee of U.C.W. The citations were a feature of the final day's program of the four-day seventh national assembly of the U.C.W., which represents 10 million Protestant women in the United States.

The presentations were made by Mrs. James D. Wyker of Mount Vernon, Ohio, president of the women's organization, a department of the National Council of Churches.

Those receiving citations included Mrs. Friederich Engelbach, Jacksonville, Ill.

Three Local Women Attend

Accompanying Mrs. Engelbach who is the wife of Dr. Friederich Engelbach were Mrs. William H. Hawkins and Mrs. W. F. Bailey.

In addition to her active work in the Jacksonville Council of Church Women, of which she is the immediate past president Mrs. Engelbach is a member of the Jacksonville School Board of Education, serves as a member of the Morgan County League of Women Voters and has been very active in Parent Teacher Association work and other school activities.

W. F. Bailey is the present president of the Jacksonville Council of Church Women.

Transformer Is Cause Of Alarm At Loan Building

A short circuit in the transformer of a ceiling light caused a fire alarm at 10 o'clock Thursday morning from offices of the Rockford Insurance Co., on the second floor of the Jacksonville Savings & Loan Building, on the west side of the square.

A small volume of smoke filtered into the attic, but the building did not catch fire.

Firemen responded to the call with several pieces of equipment, including the 100 foot aerial ladder truck which stood by as a precaution.

After getting off a fire truck, Fireman Harold Westrope became ill and was taken to a physician's office for a checkup.

EBENEZER REVIVAL

Four Circles Of Baptist Mission Society Meet

Circles 1, 2 and 3 met Thursday, Nov. 3, in the Fellowship Hall at the First Baptist church with 39 members and one guest present.

The president, Mrs. Claude Lewis, called the meeting to order and Mrs. Charles Story announced the program which was given by Mrs. L. P. Hauck. Mrs. William Dobbs gave the devotion, reading from the 30th Psalm. The program was centered around Christian periodicals to be used more often in the home. She read a prayer from the Secret place.

Those assisting Mrs. Hauck were Mrs. Mae Tomlin, Mrs. Leonard Wood, Mrs. Anderson Kitchens, Mrs. Manley Birdsong, Mrs. J. R. Beavers, Mrs. Brownell and Mrs. John Stewart. Mrs. Lewis conducted the business session.

Mrs. Tom Cornish and Mrs. E. O. Chilly were the hostesses. Delicious refreshments were served.

Circle 4, Mrs. F. S. Patterson chairman, met with Isabelle Duncan with 11 members present. Mrs. Courtney Ford had the devotion and Miss Elizabeth had the mission lesson.

Hillview O.E.S. Chapter Initiates Two New Members

PATTERSON—Hillview Chapter 981, Order of Eastern Star, held a special meeting Thursday evening, Nov. 4, at which time Mrs. Hope Hunnicutt and Mrs. Jessie Brickey were initiated into the order. Guests were present from the White Hall and Grafton chapters, and several of the guests acting as officers.

After the initiation ceremonies, the committee, Mrs. Ola Drake, Mrs. Verjean Greening and Mrs. Becky Ford, with others helping, served refreshments of gingerbread, whipped cream and coffee.

Annual election of officers will be Thursday evening, Nov. 10.

Church Full Time
The Wilmington Baptist Church is now on a full time basis, beginning last Sunday, with Elder Earl Bryan as pastor.

Personals
Mr. and Mrs. Ewell Steelman are visiting a few days in St. Louis with their son and daughter-in-law, Mr. and Mrs. Everett Steelman.

Mrs. Cora Aulgar spent Sunday in Roodhouse with Mr. and Mrs. Lewis Johnson. They all visited in the evening with Mr. and Mrs. Perry Dawdy.

Mrs. Hazel Smith, who has resided the past year on the property of Mrs. Harold Wilkinson, moved Sunday to the property of Mrs. Bertha Nicholson which was vacated recently by Mr. and Mrs. Paul W. Dawdy and sons.

Mr. and Mrs. Carl Bain and daughter Shirley, Mrs. Hazel Smith and Mr. and Mrs. Orville Rhodes were Sunday dinner guests of Mr. and Mrs. Bill Burton and family.

Mr. and Mrs. Perry Dawdy were Sunday dinner guests of their son-in-law and daughter, Mr. and Mrs. Billy McCarthy and son David, in White Hall.

Mr. and Mrs. Van Dean Sims of Jacksonville were Sunday dinner guests of her parents, Mr. and Mrs. Buford Dawdy and family.

Mr. and Mrs. Richard Hicks and children were Sunday visitors of her mother, Mrs. Nona Owdom.

Chris Rufus of Salem has been a recent visitor with his sister, Mrs. Elizabeth Coker.

Miss Bernita Crabtree, employed in Jacksonville, spent the weekend in her home here, and on Sunday her parents, Mr. and Mrs. Cam Crabtree, held a dinner honoring her on her birthday. Others present were Mr. and Mrs. Myron Bushnell and children Ruth Ann and Maurice and Ned Crabtree. The occasion also honored Mr. Bushnell's birthday anniversary.

Mr. and Mrs. Jay Barnett and

sons Melvin and Dean were Sunday dinner guests of Mr. and Mrs. Jesse Barnett and son Garry.

Mr. and Mrs. Rainey Crabtree of Carrollton visited Sunday afternoon with his mother, Mrs. Elsie Crabtree, and Mr. and Mrs. Floyd Violett and daughter Rella. The Rev. Leo Crossman and wife of White Hall were also visitors in the afternoon, and the Rev. Crossman filled the pulpit at the Wilmington Baptist Church in the evening.

Mr. and Mrs. Harold Wilkinson were in Springfield Saturday, where they visited her father, Charles Cowper, who is a patient at St. John's Hospital.

The Rev. and Mrs. Ernest Dawdy visited Monday in Jacksonville with Mr. and Mrs. Ewell Arnold and son Keith in observance of Mrs. Arnold's birthday. Other visitors were the Rev. and Mrs. Alan Richards and daughters Debbie and Sally Jo of Easton.

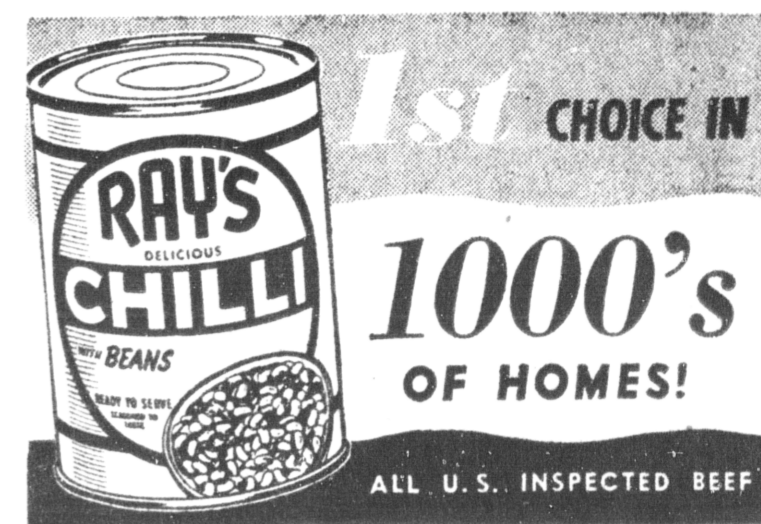

BARREL HOUSE BLUES—Unlike Diogenes, the Greek philosopher, these students in Hamburg, Germany, did not choose to live in barrels. They set up emergency housekeeping in them to dramatize their need for furnished rooms.

SECTION TWO

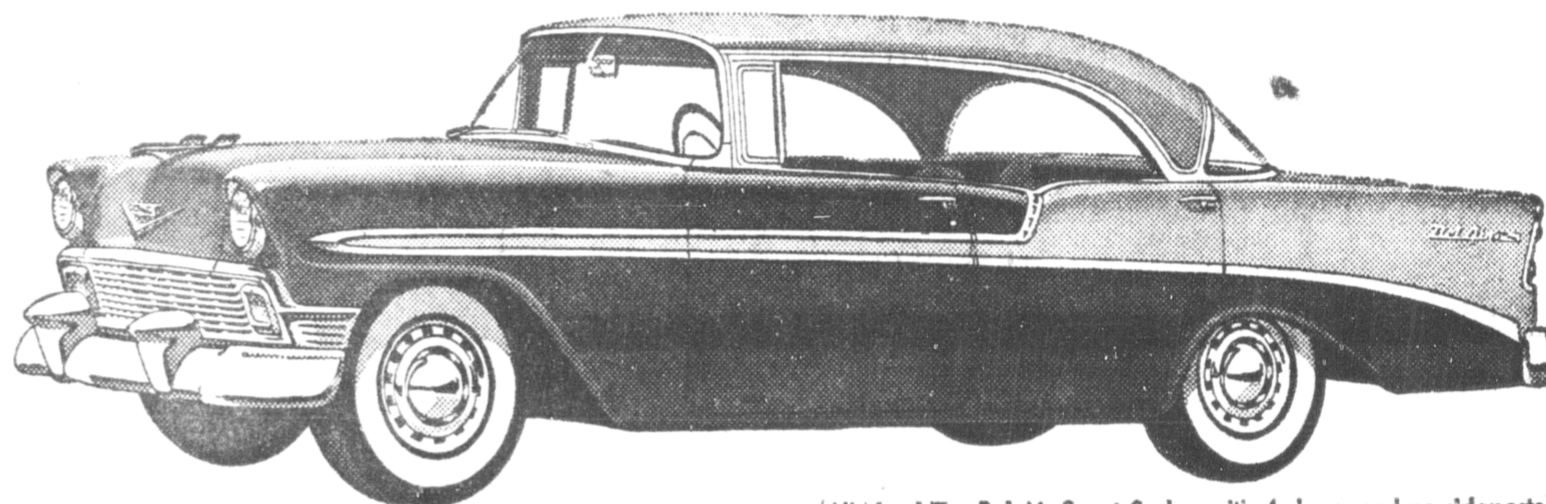

Jacksonville Journal, Jacksonville, Ill., Nov. 11, 1955

The hottest features for '56 are in the new Chevrolet

Chevrolet never had it so good
for you before . . . and no other
car in its field even comes close.
See if Chevrolet doesn't feature
everything you want for '56.

'All New! The Bel Air Sport Sedan with 4 doors and no sideposts

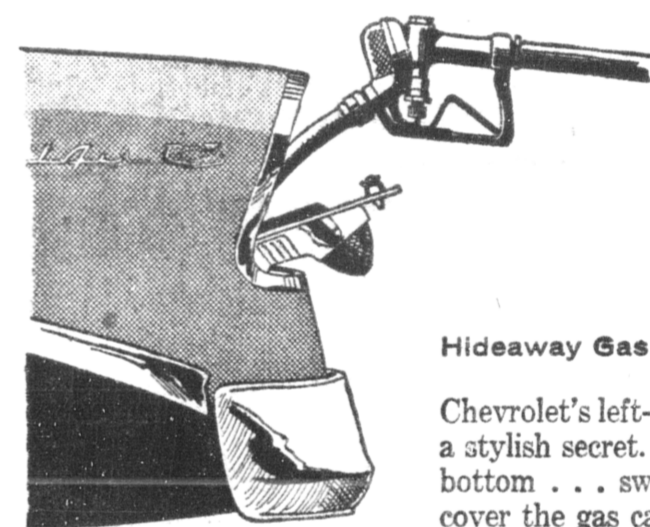

Bold, new Motoramic Styling

Just look it over—the lower, longer hood . . . the wider grille that spans the full front end . . . the big bold parking lights. From the side, you see the sweeping new speedline chrome styling and high-set taillights. Colorful new contemporary interiors add the final touch! Body by Fisher, of course.

V8 Horsepower Zooms to 205

That's the power the new "Super Turbo-Fire V8" pours out (an extra-cost option). The new "Turbo-Fire V8" delivers 170 h.p. teamed with Powerglide (optional at extra cost).

Hideaway Gas Cap

Chevrolet's left-side taillight holds a stylish secret. It's hinged at the bottom . . . swings down to uncover the gas cap. Closed up, the cap's concealed—and there's nothing in sight but the high-fashion taillight!

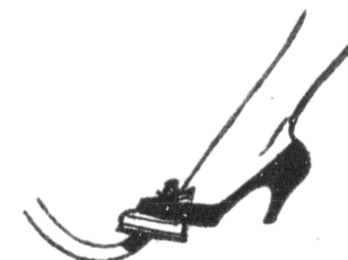

Everything in Automatic Power Features

Power Steering, Power Brakes, power-positioned front seat, power controls for front and rear windows—everything you could wish for in power servants! All are available as extra-cost options.

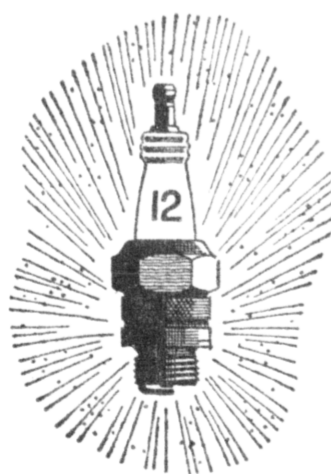

Steering made easy

Ball bearings do you a good turn in Chevrolet's Ball-Race steering. They greatly reduce friction and steering effort. Feels almost like Power Steering!

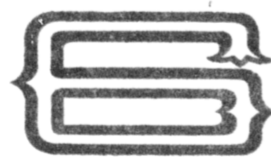

Anti-Dive braking

No "nose-dive" stops in a Chevrolet! Anti-Dive braking, an exclusive Chevrolet development, means more level stopping—even when you hit the brakes hard!

12-volt Electrical System

Packs twice the punch of ordinary 6-volt systems . . . spins the engine up to one-third faster when you turn the key. You get surer starting in all weather. And you have a greater electrical reserve supply for operating accessories.

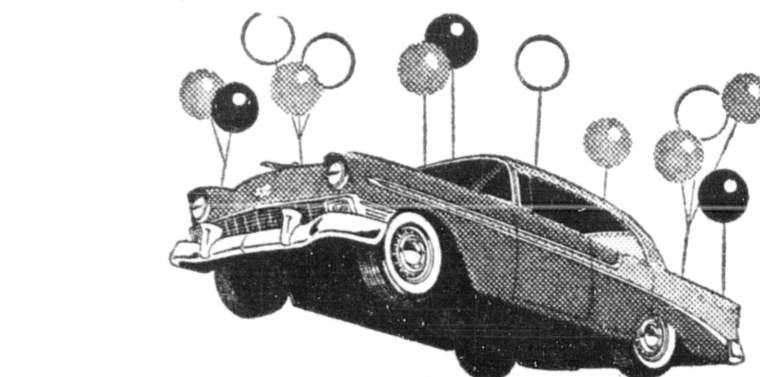

A new 6 with 140 H.P.

The new "Blue-Flame" 6 brings you this higher horsepower plus a higher compression ratio (8 to 1) and oil-hushed hydraulic valve lifters.

THE HOT ONE'S EVEN HOTTER

It's the Pikes Peak Record Breaker! The '56 Chevrolet proved its championship road-action . . . its surer, safer driving control by breaking the record for the Pikes Peak run!

Floats over the bumps

Roads seem newly paved with Chevrolet's Glide-Ride front suspension and long outrigger rear springs soaking up the jolts. And Chevy's cat-footed on curves—holds the road like it loves it! Chevrolet performance puts your safety first!

WAVERLY—The Mizpah Class social was held at the Methodist church at 2 p.m. Tuesday, Nov. 8, with the hostesses, Mrs. Paul Allyn and Mrs. Arthur Mitchell, in charge.
In the absence of Mrs. James

Smart, the president, Mrs. Fred Schram was in charge of the business. The meeting was opened with a Thanksgiving song, sung by all. Mrs. Mitchell read the devotion from the "Upper Room."

Twenty-five members responded to roll call by giving a Thanksgiving verse. Guests were Mrs. Wilson M. Smith, Mrs. Robert E. Coe and Miss Wilma Mitchell.

After the minutes were read and approved, the treasurer, Miss VanWinkle, gave her report. It was voted to get an electric clock for the kitchen and Miss VanWinkle and Mrs. Arthur Mitchell were appointed to see to getting it.

Mrs. Paul Allyn was in charge of the program and introduced Mrs. Robert E. Coe. She told of one of the grandchildren of Mrs. Coe, 16 years old, who organized a quartet called "Harmony Bells," which is trying out for an international contest. The girl writes music, some of which Mrs. Coe played. Mrs. Smith sang two songs, "Glad New Song" and "Twilight Reverse," of which the music and words were written by Mrs. Coe.

Mrs. Paul Allyn then told about the origin of Thanksgiving day. Mrs. Mitchell was in charge of a contest, the answers being books of the Bible. It was won by Mrs. Leonard Brian.

The refreshment committee of Mrs. Lon Colvin, Miss Stella Mitchell, Miss Jessie Farmer and Mrs. Lewis Walker served cooked fruit salad, mints and coffee.

Science Club Meets
The Tri-County Club of household Science met Nov. 3 with Mrs. Nellie Abey at Virden.

Seventeen responded to roll call by giving a Thanksgiving wish. Mrs. C. O. Swift was a guest of the club.

For Young Holiday Parties: Fashions In Festive Fabrics

Fresh new pre-teen fashions for holiday parties offer both separates and the slim lines of the princess dress. Girl with balloons in hand wears blouse and skirt in avise rayon satin. Skirt has flopped scroll pattern. Her friend wears princess dress in jacquard woven rayon-and-cotton fabric. It's banded in rayon satin.—By GAILE DUGAS, NEA Women's Editor.

You Know About Your School Laws?

Mr. and Mrs. Harold Summers entertained at a family dinner last Sunday. Those attending were Mr. and Mrs. L. B. Summers of Roodhouse, Mrs. Lizzie Summers and son Orville of Peoria, Mr. and Mrs. Russell Summers and Linda of Murrayville, Mr. and Mrs. Verlin Summers of Alvey, Mrs. Londaella Seymour of Murrayville, James and Anna Butler of St. Louis, Mo., and their daughter Ann of MacMurray College, Jacksonville, and her classmate at MacMurray, Barbara Benham from Cleveland, Ohio.

Walter Ford attended a Westinghouse school on radio, television and washers in Peoria Tuesday.

BUTTONS SCARCE

YORKTOWN, Va. (AP)—Archaeologist Edward J. Jelks found a button from a French uniform of the 1780's at a site where the French repaired their siege guns in the battle of Yorktown. Quickly he got a mine detector from the Naval Mine Depot nearby. It buzzed a lot. Workmen made the dirt fly. All else they found, however, were pop bottle caps and beer cans—certainly not left by the French.

CLERKS CATCH UP

The 1956 Buick CENTURY 4-Door Riviera

NOW —
Just touch the pedal
and away you go!

(That's the New Variable Pitch Dynaflow™!)

OF COURSE, you can floor the pedal of this stunning new '56 Buick and get the full-power sweep of its advanced new Variable Pitch Dynaflow.

That's how you switch the pitch of this airplane-principled transmission for instant safety-surge acceleration to get out of a tight spot on the highway.

But now you get a brilliant new response at the start of pedal travel, too.

Now you get a solid take-hold for instant take-off in the first inch of pedal action — where most of your normal driving is handled. And you get this great new getaway with a big boost in gas mileage, too.

So there you are, just nudging the pedal, and getting action that makes you feel like you've floored it.

There you are, handling all your normal driving situations

with a confident toe-touch—with new surety and snap—and with the happy satisfaction that comes with a sizable step-up in the miles you get from a tankful of gas.

And there you are, rolling along with beaming pride as boss man of the best Buick yet.

For here you have, beating any past Buick, the greatest power yet—the boldest styling yet—the sweetest ride yet—the smartest interior yet—and, by far, the best buy yet.

Drop in on us this week—tomorrow, if you can—and see for yourself that there's never before been anything like this Buick beauty for 1956.

\$28,750 Damage Suit Filed In Auto Accident

PIITTSFIELD—A damage suit in the amount of \$28,750 has been filed in the United States District Court in Quincy by Emmett C. Minyon and the H. J. Jeffries Truck Lines, Inc., of Oklahoma City, Okla., against Miss Joyce Campbell of Winchester.

The case arises from an accident on route 36 near here Aug. 24, 1955, in which Mrs. Betty Robinson was killed instantly and her husband, Irl Robinson, was fatally injured.

The Jeffries Truck Lines, Inc., seek \$3,750 for damages to the tractor-trailer driven by Minyon and Minyon seeks \$25,000 for personal injuries received in the accident.

The complaint alleges that the car driven by Miss Campbell crossed over the dividing line on the pavement, striking the tractor and trailer, causing a huge Caterpillar machine being carried on the trailer to become dislodged and crash to the pavement. The Caterpillar tractor, from the trailer, in falling fell onto the car driven by the Robinsons, which

was following the Campbell car. Dies in Michigan

Word was received by Mrs. Alta Greife Tuesday night that Mrs. Alex Gillespie, 83, her friend and the friend of many other other Pittsfield residents, has died in Ferndale, Mich., where she has in recent years been making her home with her daughter, Miss Edith Gillespie, a teacher in the Ferndale schools.

The family lived here many years while the father was head miller at the King Milling Company.

Surviving members of the family of six children are Miss Edith, Mrs. Frank Thomas of Chicago and Stuart and Tom of Detroit, Mich.

The body was taken to the Kurrus Funeral Chapel in East St. Louis, where services will be held Friday afternoon at 1:30. Mrs. Greife and Miss Minna Bauch of this city plan to attend the services.

To Install Rev. Janssen Sunday At Morrisonville

The Rev. C. Frank Janssen will be installed at the Morrisonville First Presbyterian Church Sunday, Nov. 13, at 7:30.

He will be installed by the Presbytery of Springfield, with the following ministers and moderator participating.

The meeting will be presided over by Dr. Daniel Gage, who is the moderator of Presbytery, and who will also present the constitutional questions. The sermon will be delivered by Dr. Joseph Baus, pastor of the First Presbyterian Church of Jacksonville.

The Rev. Roy Kale, working with the Illinois Council of Churches, will give the charge to the congregation. The Rev. Ernest Harbaugh, pastor of the First Presbyterian Church of Taylorville, will give the charge to the pastor.

The Rev. Charles Hendricks, who is a son in the ministry of the Morrisonville Church, will read the scripture and offer the evening prayer.

Following the installation there will be a public reception for the Rev. and Mrs. C. Frank Janssen.

CHAPIN

CHAPIN—Several senior girls held a slumber party recently at the home of Louise Medlock. A hamburger fry was an early evening attraction. Present were Leona Werries, Sheila Briggs, Lois Joy, Joyce Perry and the hostess, John Mattes, Jesse Brown, Donald Middendorf and Delbert Mueller, who are attending college at Normal, spent the weekend with their parents.

Fred Willard, who is in the navy, is visiting his parents, Mr. and Mrs. Frank Willard.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst

The world has now returned to an atmosphere of even greater foreboding and tension than existed before this year's two big peace conferences at Geneva.

By deed in the Middle East and

by word at Geneva Russia has revived the old Western slogan, "You can't do business with the Communists."

You can bet your bottom dollar the Western diplomats are not as shocked and surprised as they appear to be. If they were, they would be unworthy of their positions.

The only surprise is the abruptness with which Molotov put aside the mask of Santa Claus to take up again the role which goes so well with his name, "The Hammer."

The foreign ministers conference was never expected to produce much. It was expected to prolong at least for a time the "Geneva spirit," and allow for continued negotiations. Now these appear futile, with Molotov's sudden statement that Germany will be reunited only under Communist terms.

The one great by-product of the meeting, from the Western standpoint, is to demonstrate to the Germans that Russia's attitude toward them is completely self-seeking.

There is also the demonstration that a positive program of expansion, not fear of aggression by a revived Germany, is the chief factor of Russian policy. This is newly apparent in the Middle East as well as in Middle Europe.

It seems strange, however, that Russia should drop so suddenly her campaign of sweetness and light and the facade of what she calls "cooperation for peace."

Only last Monday she was playing all the stops on this theme.

Because of this, it is possible that Molotov will yet pull some switch, on other subjects than Germany, to keep the door open.

Some concessions on the last agenda item, cultural and commercial exchanges, may be forthcoming. But the Western diplomats are taking the attitude that the conference is virtually over; that the mask has now been torn from Soviet intentions, and they might as well go home.

Speaker Tells Junior High PTA Of Conference

The first regular meeting of the Junior High P.T.A. was held in the school auditorium, Monday evening Nov. 7. President Mrs. Jay Hamilton presiding. Mrs. Tim Bethel gave a report on the very successful magazine selling campaign.

The generous invitation to attend the Shrine Circus on Wednesday, Nov. 16 was read and means of transportation were discussed.

Program chairman, Terrance Brennan, introduced the speaker for the evening, Mrs. C. L. Kanatzar. Mrs. Kanatzar informed the group of the Little White House Conference at the state level, in Springfield. The six questions were introduced and then the meeting divided into small groups for discussion of the individual questions. No positive answers resulted, but much benefit was received from talking of and understanding the problems confronting schools, and that the accomplishments of the schools should be that which will help one to live the way he would like to live in the American way of life.

Illinois has the means to meet the school needs. In per capita income, Illinois ranks 8th of the states. However in effort, i. e. in the tax rate for education, Illinois ranks 42nd.

It has been recommended to the State Legislature that such a conference as this be held at least every three years.

After Mrs. Kanatzar's discussion, the meeting adjourned for the parents to meet and discuss individual problems with the teachers.

Award Trophies To UCT Sponsored Baseball Teams

Formal presentation of two trophies won by local teams were made Tuesday night, Nov. 8, at the regular meeting of the Jacksonville Recreation club held at the Southern Aire.

Present to receive the trophies were two representatives of the Jacksonville U.C.T. council, Russell Ward, senior councilor and Henry Peters, chairman of the council youth committee. The first trophy was a first place honor won by the UCT sponsored Colt baseball team and the second trophy was for second place in a State tourney won by a Colt team made up of players from a UCT team and an American Legion team.

The State trophy was won Aug. 15 at Evanston, Ill. while the boys were participating in the state tournament.

The awards were presented by Harold Hills, chairman of the Youth ball teams. The local UCT council has asked for the opportunity to sponsor a Colt team again next season.

NORTONVILLE

Mrs. Herbert Simke and Mrs. Coila Oxley of Jacksonville were callers Monday at the home of Mr. and Mrs. Cecil Oxley.

Mrs. Julia Wilcox of Carlinville came home with her daughter and husband, Mr. and Mrs. Harry Hamilton Friday for a visit.

Mr. and Mrs. George McClain spent Thursday with her sister, Mrs. Nellie Mathews at New Berlin.

Mr. and Mrs. Alto Hamilton and family and Mr. and Mrs. Loren Hamilton of Springfield spent Sunday with their parents, Mr. and Mrs. Harry Hamilton.

Mr. and Mrs. Leo Clinton were recent supper guests of her brother and wife, Mr. and Mrs. Gilbert Coultais and family in Jacksonville.

Charles Story and sister, Mrs. Harriett Seymour were supper guests one evening last week of Mr. and Mrs. George Robinson and Lucy.

Cecil Oxley fell recently and injured his ribs.

RABBIT WHIPS SNAKE

JACKSBORO, Tex. (P)—Paul Gafford saw a cottontail rabbit whip a big snake.

Here's his story:

"I heard a baby rabbit squealing and saw mother cottontail coming fast. . . She grabbed the snake with her teeth. . . She bit and shook the snake just as a dog would have done."

"The snake ran for a mesquite tree. . . The rabbit hung on and was lifted several feet. When she broke free she grabbed a new hold and pulled until the snake tore loose again. . ."

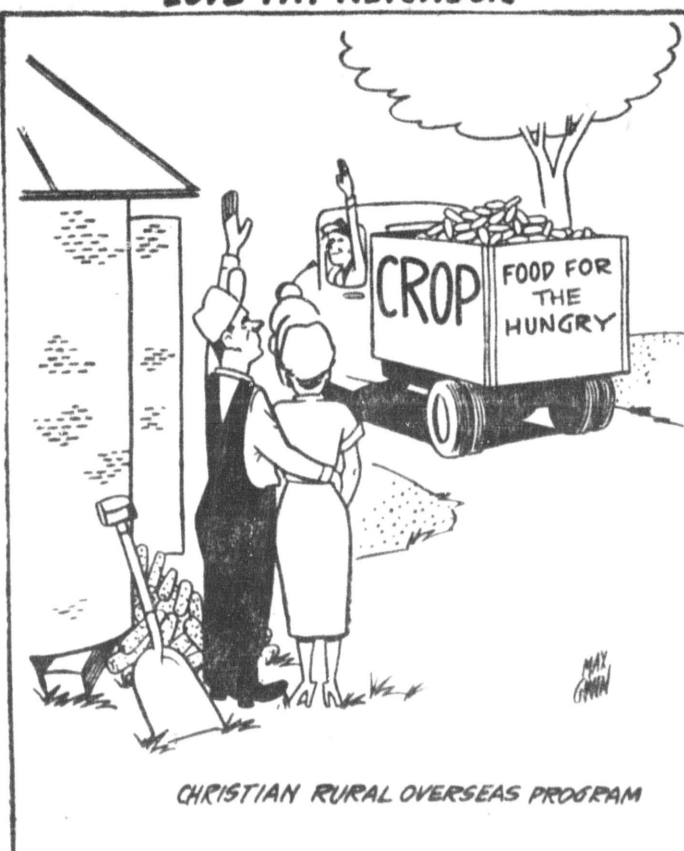

"During the fight, the rabbit made a growling sound, similar to a small dog."

"I killed the snake."

BUOYS AHOY

NORFOLK, Va. (P)—The Coast Guard is taking a tip from the folks who decorate their automobile bumpers with reflector tape. It is using a similar tape to mark buoys as an aid to night navigation.

Sachs To Seek Demo Nomination For Governor

CHICAGO (P)—City Treasurer Morris B. Sachs says he'll seek the Democratic nomination for governor next year—with or without support of the party organization.

Sachs, a Chicago clothing merchant who was elected city treasurer early this year in his first try for political office, told newsmen Wednesday "I am running."

He said he hopes the party slate-makers will endorse him, adding:

"But if not, I'll go without it. Not a day goes by without letters and telephone calls from people

here and downstate asking me to run."

Sachs joined then Mayor Martin Kennedy in opposing organization choices in the city Democratic primary this year. Both lost, but Sachs made a strong showing and he was quickly recruited for a spot on the organization's re-aligned ticket for the general election, he won by a larger majority than Richard J. Daley, who was elected mayor.

HOOSIENGOW HOME

TAPPAHANNOCK, Va. (P)—The Jaycees are going to jail—and they like it.

"They've acquired an old jail built in the 1920's and abandoned a year ago. They have a five-year lease and will do the work of converting it into a club house. The renovation will include pine paneling and removal of bars over the windows."

MODERN MIRACLE—"Stop, Mildred, I can see you." Those six simple words marked the most joyous thrill in the 74 years of Robert Brown's lifetime. Totally blinded in a coal mine explosion 40 years ago, his sight partially returned recently as his wife stepped across the threshold of their Johnstown, Pa., home. "She looked just like a paper doll standing there," Brown recalls. He has no explanation of the miracle, except that he had never given up faith that his sight would come back. Brown and his wife, also blind from a horse's kick when she was five years old, were married 21 years ago.

Help-A-Nighbor Club Meets With Mrs. Nicholson

PATTERSON — The Help-A-Nighbor Club met Tuesday, Nov. 8, for an all day session with Mrs. Hattie Nicholson in the Oak Grove neighborhood. Roast turkey with dressing was prepared by the hostess, and served with the potluck dishes brought by the members.

Following the dinner hour the meeting was called to order by the club president, Mrs. Alta Young. The club song was sung and the Lord's prayer repeated in unison.

The following members answered roll call: Mrs. Hattie Nicholson, Mrs. Hazel Smith, Mrs. Dollie Walls, Mrs. Alta Young, Mrs. Addie Westerhold, Mrs. Bessie Hicks, Mrs. Ida Seely, Mrs. Martha Shaf-

er, Miss Dee Seely, and Mrs. Mildred Wilkinson.

Mrs. Cora Aulgar was a guest and juvenile members present were Jerry and Judy Smith. Fain Nicholson was a dinner guest.

Following the business session, an auction of various articles which were brought by the members was held. Mrs. Dollie Walls acted as auctioneer. The sum of \$13.40 was realized.

Bingo, with prizes, and a social hour occupied the remainder of the afternoon. Mrs. Hattie Nicholson was awarded the door prize, which was given by Mrs. Alvane Cummins, who was not able to be present due to sickness in her family. Mrs. Jessie Barnett and Mrs. Crystal Houghton were also unable to be present.

The Christmas meeting will be held in the home of Mrs. Hazel Smith Tuesday, Dec. 20, at which time secret pals of the year will be revealed, and new names drawn for the coming year. Also the an-

nual election of officers will be held at this meeting.

Mr. and Mrs. Leo Dunlap and son Vernon, accompanied by her father, Fred Allen of Hillview, spent Sunday in Farmington with Mr. and Mrs. Harvey Allen and family. Mr. and Mrs. Chris Rufus of Salem have been visiting a few days with his sister, Mrs. Lizzie Coker.

Mr. and Mrs. V. L. Hubbard attended funeral services in Roodhouse Sunday for her cousin, Mrs. Faye Turner, and later visited in Winchester with her cousin, Ray King. They were accompanied to Winchester by her nieces, Misses Irah and Irma Lewis of Roodhouse.

Mr. and Mrs. Leo Dunlap and son Vernon visited Saturday with Mr. and Mrs. Frank Allen and daughter, and were recent visitors of Mr. and Mrs. Bob Allen and daughter near Carrollton.

Mr. and Mrs. Norville Hicks visited Sunday afternoon in Roodhouse with Mr. and Mrs. Oscar Anderson and Mrs. Anna Kemp.

Mrs. Lillie Johnson of the Barber Nursing Home in White Hall was here at her home Tuesday afternoon, and calling on friends.

TRAFFIC HAZARD
CHICAGO (AP) — John Karr, 23, reported his car stolen and was promptly confronted with an impounded auto and 62 traffic tickets.

Police towed the stalled car away after they found the tickets under the windshield visor and in the glove compartment. Ranging from speeding to illegal parking, the ignored tickets dated back to 1950.

Karr said he had not heeded the tickets because "I didn't have the money."

Murrayville Unit Hears Lesson On School Laws

MURRAYVILLE—The Murrayville Unit of Home Bureau was entertained Monday afternoon, Nov. 7, at the home of Mrs. Harry Stringer with fourteen members and two guests, Mrs. Earl Wright and Mrs. Roy Hall, present.

The chairman, Mrs. Robert Mutch, called the meeting to order and presided during a short business session.

Roll call, "A Shopping Weakness," disclosed that a large per cent of those present have a weakness for hats and other wearing apparel and accessories. However, someone admitted that her weakness was the failure to purchase a needed item, such as tooth paste.

For the selected subject, Mrs. William Blackburn displayed articles of Christmas ideas. The stuffed cat and the monkey were interesting but the broom stuck horse with head of stuffed sock and bridle would capture the interest of any youngster.

The major lesson, "What We Should Know About Our School Laws," was given by Mrs. Waldus Bealmear. A discussion followed the lesson, not only pertaining to the lesson, material, but to other rights and privileges and duties of the personnel in a modern school.

The next meeting in December will be a potluck luncheon at the home of Mrs. Robert Mutch.

Following the meeting the hostess and her assistant, Mrs. Irl Henderson, served refreshments.

The Family Class of the Methodist Sunday school met Monday evening in the church basement, starting with a potluck supper at 6:30 o'clock.

A short business meeting was held and it was decided to have a hamburger fry at the next meeting, Dec. 5.

Those present were Mrs. Donald Blimling and family, Mr. and Mrs. Russell Heaton and children, Miss Bernice Harvey, Mrs. Charles McKnelly, the Rev. John Wilkey and Mr. and Mrs. Joe Million and family.

William Lovell of Jacksonville, Mrs. Jessie Osborne of Jerome, Idaho, and Mrs. W. W. Walker were callers Tuesday morning at the home of William Lawless and sisters, Misses Ann and Mary Lawless. Sunday afternoon Carl Anderson of Orleans and Miss Mary Lydon were guests in the Lawless home.

Mrs. Eugene Bracewell returned home Wednesday from Passavant hospital in Jacksonville, where she had been a surgical patient.

Mr. and Mrs. Donald Lewis and Lucinda of Jacksonville were dinner guests Sunday of his parents, Mr. and Mrs. George Lewis, and Sunday evening visitors were Mr. and Mrs. Paul Carpenter and family of Pleasant Hill.

Mr. and Mrs. Joe Lawless of near Woodson spent Monday evening with his brother and sisters, William Lawless and the Misses Mary and Ann Lawless.

Mr. and Mrs. Joe Million and family, Mr. and Mrs. Fred Tendick and family and Mr. and Mrs. Walter White of Franklin spent Sunday with their mother, Mrs. Sadie Million. Afternoon callers were David Million and Sarah Jane.

Ten colleges existed in colonial America—Harvard, William and Mary, Yale, Princeton, Washington and Lee, Pennsylvania, Columbia, Brown, Rutgers and Dartmouth.

SCAIRDY-CAT!—Well, who wouldn't be, with a king cobra, hood flaring, in front of you in striking position? Of course, this scene is all in fun, the man at right being Dr. C. R. Wildes, a retired veterinary and snake expert. He found the cobra, of all places, near his home outside McAllen, Tex. It's the first known cobra catch in Texas, and it is believed the snake is one of those released in Texas and Florida a few years ago to combat rodents. Holding the king cobra is Terry Hurley, an assistant veterinary.

To Up Picketing As Shoe Strike Enters 4th Day

ST LOUIS (AP)—Union officials planned to step up picketing today to disrupt truck movement as the nation's first big shoe strike moved into its fourth day with no break in sight.

Federal labor conciliators said no negotiation session has been called to renew efforts to settle a wage dispute between the AFL and CIO Shoe Workers unions and the International and Brown Shoe companies, two of the industry's largest.

Union officials said more than 95 per cent of their members in 60 Midwestern plants in six states are taking part in the strike.

The companies estimated that 26,000 men are taking part, the unions put this figure at 29,000. Both firms said some union employees were working at some of the affected plants but a union spokesman said the total was very small.

Picket lines at the St. Louis warehouses of International Shoe halted truck movement Wednesday. The union said they would establish picket lines today around Brown Co. warehouses.

Union officials said the picketing would seriously disrupt the distribution system of the two big shoe producers.

The walkout hit International Monday and Brown on Tuesday. Both firms have their headquarters here and manufacture shoes in small cities in Missouri, Illinois, Arkansas, Kentucky, Tennessee and Indiana.

About 15 plants where workers are unorganized or under separate contracts remained in full operation.

At the Brown Shoe Co. plant in

Mattoon, Ill., CIO workers voted Wednesday to stay on the job, but the union's national president, Russell Taylor, said the Mattoon local had voted this way through "some misunderstanding" and it has been asked to reconsider its vote.

The two firms final offer was announced by them as a two-year contract with a 7 1/2 per cent wage increase, 5 per cent of it immediately. Previously their offer of a 10 per cent boost in three annual installments was voted down by the unions, which seek a 12 per cent increase over a two-year period, plus a pension plan study. The workers now average \$1.22. About half of them are women.

FEMININE PEROGATIVE

COUNCIL BLUFFS, Iowa (AP)—Pottawattamie County Treasurer Walter Lehman, chatting with a 10-year-old boy and his 5-year-old sister who were in his office with their mother, asked the lad what he wants to be when he grows up. "I want to go into politics," the boy answered.

"All right," Lehman said. "Let see how smart you are. Who's the speaker of the House?"

The boy's 5-year-old sister piped up before her brother could answer. "I know. Mother is."

DIPLOMATIC BUBBLES

ELLSWORTH, Iowa (AP)—Ralph Olsen of Ellsworth, a member of the Iowa farm delegation that visited Russia during this summer, tells how delegation members used a Russian gift to save American taxpayers some money.

The Russians gave each member of the delegation a suitcase full of champagne, but the cost of shipping it home would have been prohibitive, Olsen says.

So the Americans gave it away to the United States Embassy in Moscow.

OPEN FRI. & SAT. NIGHTS 'TILL 9

JUDGE FLORENCE E. ALLEN

The Jacksonville Business and Professional Women's Club will have Judge Florence Ellinwood Allen, as the speaker at its meeting on Thursday evening, November 17, at the Dunlap Hotel. Dinner will be served at 6:30 followed by Judge Allen's talk.

The public is invited to share in this meeting if they purchase a ticket by Tuesday, Nov. 15. Tickets may be secured from Miss Thelma Bacon at the Thrift Travel Service in the Dunlap Hotel.

Judge Allen is the only woman in the world ever to sit on a National bench of general jurisdiction, the United States Court of Appeals, in Cincinnati, Ohio. She was appointed to this bench by President Roosevelt in 1934.

Business women are proud of Judge Allen because of her demonstration that women can keep pace with the professional achievements of men and still get along with them. She is known all over America for the military of her belief in the need for better protection of women who must work, and for underprivileged children. She is a fervent and never-tiring worker for world peace and has established something of an international reputation for herself.

Establishes Records
She has established an amazing set of records for herself, many of them being "firsts." In 1919 she was the first woman to hold the position of assistant county prosecutor of Cuyahoga County, Ohio. In 1920, she was elected Judge of the Court of Common Pleas by the greatest vote ever given any judicial candidate for that court in Cuyahoga County, leading the entire judicial ticket of candidates. That made her the first woman to sit in a court of general jurisdiction, legal and equitable, civil and criminal. In 1922, she was the first woman in the world to sit in a court of last resort, the Supreme Court of Ohio, for a term of six years, and reelected in 1928. Then in 1934, President Roosevelt appointed her to the U. S. Court of Appeals which made her the first woman to sit in a Federal court of general jurisdiction.

She has presided at section of Human Rights, at the International Bar Association Convention in London, and the International Bar Association Convention in Madrid, presided at section of International Law, International Federation of Women Lawyers in Istanbul, Turkey; and in May, 1952, she gave an address in the Hall of Fame, New York, in honor of Susan B. Anthony, probably the best known and most revered of all suffragettes.

Best Known Woman Lawyer
When not in court, Judge Allen

is in her home city, Cleveland; she is unquestionably the world's best known woman lawyer. She is said to be one of the few judges who comes to court having read in advance the briefs of cases to be heard. She is practically a reading wizard, extracting succinct points from a page almost at a glance. Something once learned is apparently never forgotten by her.

Judge Allen's talents are so versatile: music, poetry, journalism, or language. An intensive study of the piano, culminating in two years in Berlin under European masters, had fitted her for the concert stage, when an injury to a nerve in her arm forced her to give up the work, so she was challenged to test out other interests: teaching, translating, foreign correspondence, authoring, culminating in securing her LL. D. from New York University, the first to be bestowed upon a woman.

In 1936 she was asked to become the candidate of a new woman's party for president of the U. S., but she refused to run.

One of her great publications is "This Constitution of Ours," a book that some even said should become a text book for use in our schools. Judge Allen feels that women, since acquiring the vote, have done splendid specific jobs, but they could be very much more alert to opportunities for representation and participation in government. She feels that the study of law underlies the study of government and of all human relations.

EXPENSIVE HASTE
DETROIT (AP)—John R. Smith overslept when he was due in traffic court. So he tried to make up a little time. He was nabbed by police who accused him of driving 55 miles an hour. They gave him an escort to traffic court, where they charged him with reckless driving.

On the original charge—interfering with traffic—Smith was acquitted. On the new reckless driving charge Smith was convicted, fined \$50 and his driving license revoked for two years.

Pike Interested Mother's Club Discusses Reading

PITTSFIELD — The Interested Mother's Club met recently at the home of Mrs. George Webel, with Alberta Atwood and Betty Jonson as co-hostesses.

The program consisted of a panel discussion on the subject of "Why Johnny Can't Read." Members of the panel included the following teachers: Mrs. Wayne Willard, second grade; Mrs. Mildred Wendorf, first grade; Miss Jane Sutton, third grade; and Mrs. Mary Barkley, first grade. The teachers were introduced by Wayne Willard, principal of the Junior High School.

Club members appearing on the panel were Mrs. Frances Giger, Mrs. Athene Zimmerman and Mrs. Helen Peters. Mr. Willard served as moderator. Mrs. Jonson is president of the club and led the meeting Tuesday night.

To Continue Operation

John Jordan, superintendent of the Brown Shoe Company factory here, states that the branch factory here is non-union, that no strike will be called in the local plant and that the factory plans to continue working on full time as long as supplies for the conduct of the business are obtainable.

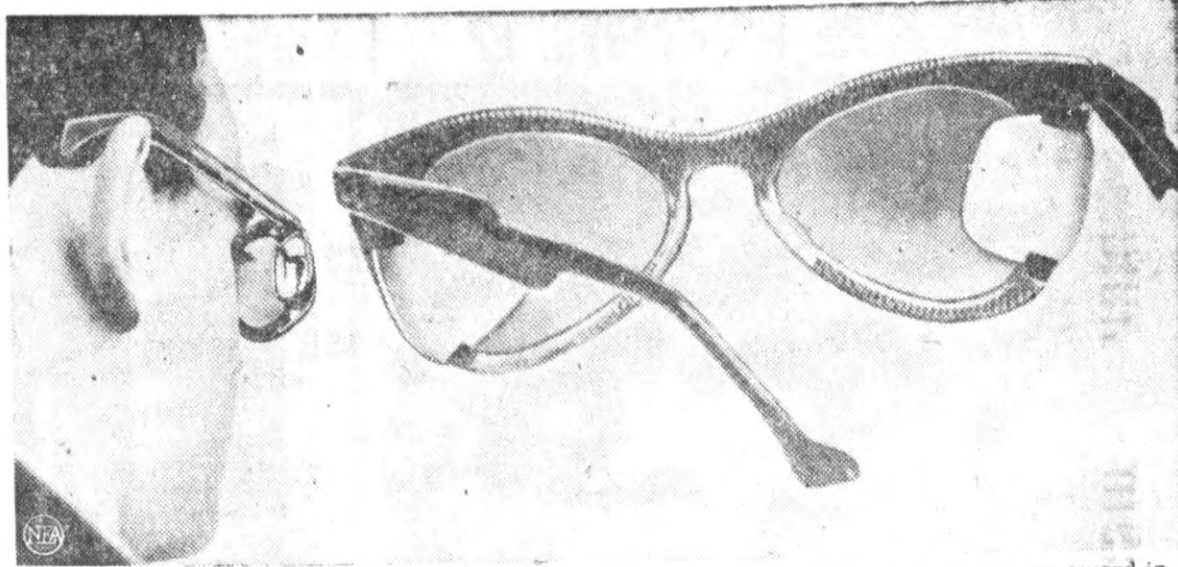

B.P.W.C. Meets

The Business and Professional Woman's Club met in regular session at the Community Center Monday night with fifty members present. Guest speaker of the evening was Miss Lillian Schlagenhauf, state senator of Quincy, whose topic was "Legislation." Miss Schlagenhauf is a gifted speaker and a prominent legislator. Miss Barbara Ode was soloist of the evening. The club voted to donate ten dollars to the Boy Scouts and fifty dollars to the Community Center. Mrs. Mildred Towell, president, conducted the meeting.

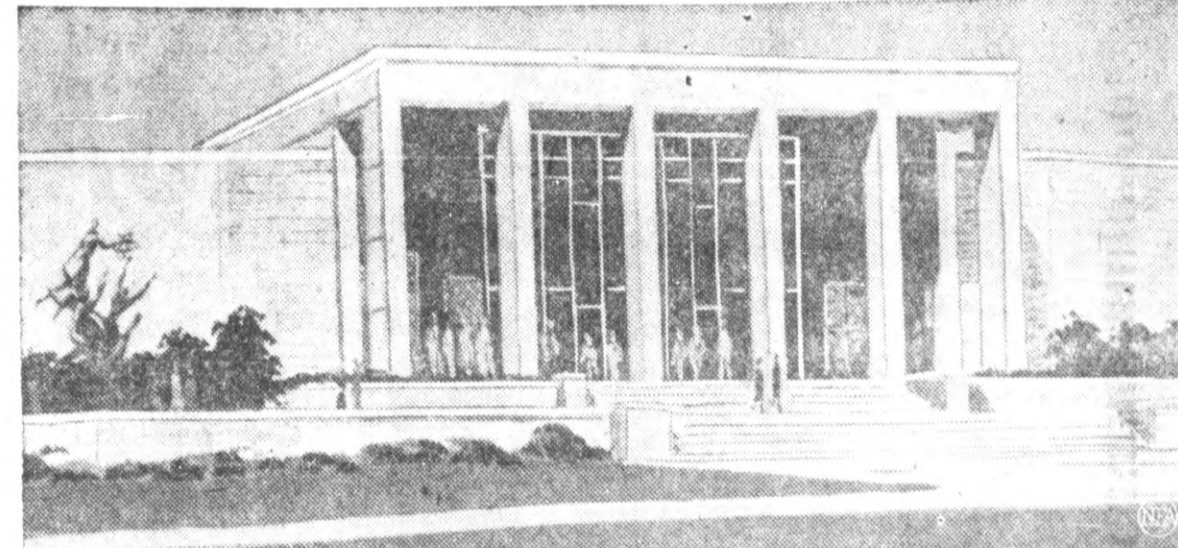

JUSTICE AND MERCY

WACO, Tex. (AP)—Justice of Peace Don Hall received this note along with a \$16.50 check for a speeding violation:

"Be thankful to God that he is a little more merciful than you. Sincerely yours, a Punished Sinner."

NOW—"REAR-VIEW" SUNGLASSES—The rear-view sunglasses shown above won an award in an annual versatility-in-design-and-use contest sponsored by Max Hess, Jr., Allentown, Pa., department store head. New feature is a removable slide-in mirror for each lens. Idea is they can be used by motorists to check rear conditions or by mothers, watching children at play.

TRUMAN LIBRARY, OKAYED BY HARRY—This is the Harry S. Truman Library as it will look when completed in Independence, Mo. The finished building, which will house the former President's private documents, will be offered to the government as a gift, under legislation enacted by the last Congress. Completion is expected in one year. This design, approved recently by Truman, differs from earlier designs in the treatment of the main entrance and adaptation of the building to its site.

Test the tremendous GO of the fabulous

'56 Pontiac

Introducing a Big and Vital General Motors "Automotive First!"

IT'S THE GREATEST THRILL IN HIGHWAY HISTORY!

If you've come to think of driving as just routine, it's high time you tried the tremendous "go" of this masterful new monarch of the highway.

Here's a car with such exhilarating drive—eager oil-smooth response and safe, secure handling—that even monotonous home-to-work driving becomes your finest hour!

And out on the open road, the fabulous '56 Pontiac comes alive with all the heads-up alertness of a thoroughbred.

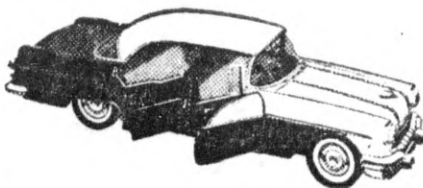

Its 227-h.p. Strato-Streak V-8, coupled with silken Strato-Flight Hydra-Matic, thrives on

challenges. The hill you see looming up virtually disappears before your eyes.

And at any legal speed, there's such a reserve of power that your engine literally loafs—ready at a toe-touch to spring into the most thrilling, satisfying action that ever shortened a country mile.

Of course, this is only a hint of what's awaiting you. The difference in performance—in driving, smoothness, ride and control—is so terrific that it

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

can only be appreciated when you sit at the wheel. Come in and take charge of one of these beauties yourself. Choose your own test route and sample the greatest "go"—and enjoy the greatest safety ever built into a car—it's the only way to know all that's new!

*An extra-cost option.

Shower Honors Mrs. Brockensiek At Chambersburg

CHAMBERSBURG — Mrs. Gerald Brockensiek of Warsaw, who has been visiting her parents, Mr. and Mrs. James Crawford of Chambersburg the past week, was honored at a pink and blue shower Friday afternoon, Nov. 4. The party was held at the Woman's Clubhouse at Chambersburg with Mrs. James Crow, Mrs. Kenneth Roate

and Mrs. David Browning hostesses.
The afternoon was spent in contests and games, one of the more interesting being the Stork Relay. Prize winners were Mrs. Virginia Ham and Marjorie Irving. The door prize was won by Mrs. LaVerne Riley. The guest of honor received many lovely gifts that had been placed on a pink and blue decorated table. At the conclusion of the afternoon the hostesses served refreshments of past decorated cakes with ice cream, nutmeats and coffee.
The following guests attended: Mrs. LaVerne Riley, Marjorie Pool, Marie Kleinlein, Jesse Ham, Dorothy Elliott, Anna Cummings, Elizabeth Metz, Irene Downey, Pat Riley, Emma Crawford, Muriel Thompson, Jennie Thompson, Betty Kleinlein, Virginia Ham, Idelle Crawford, Elma Riley, Nina Roate, Daisy Ham, Della Hinton, the

guest of honor and the hostesses. Little Jimmie Crow was a junior guest.
Out of town guests were Mrs. Grace McDannold of Perry and Mrs. Hazel Watkins of Virginia. Invited guests unable to be present and sending gifts were Mrs. Helen Pool, Nina Metz, Violet Ham, Margaret and Louise Cordley and Phyllis Pool.
SLOW MOTION ACCIDENT
WACO, Tex. (AP)—Most traffic accidents happen fast. But it took five hours for L. O. Wilson's big trailer truck to overturn.
Wilson had a blowout and pulled onto the road shoulder to change the tire. But one side of the trailer began sinking into the soft dirt.
Wilson sat back and watched as the big trailer, over a five-hour period, settled on its side "as gently as if you had laid it down with your hands."

Mrs. Earl Davis Gives Program At Mound Unit

Mrs. Edward Morthole and Mrs. J. C. Reiser were co-hostesses Monday afternoon, Nov. 7 at 2 p.m. when they entertained members of the Mound unit Home Bureau in the Pilgrim Room at Hamilton's.

The meeting was conducted by the newly elected chairman, Mrs. Harry Killam. The retiring chairman is Mrs. Harold Hamel. Other new officers are: vice chairman, Mrs. A. B. Applebee and secretary-treasurer, Mrs. A. J. Stewart.

The major lesson, What Do You know about Your School Laws, was presented by Mrs. Earl Davis. The speaker covered the subject exceptionally well pointing out most effectively the advantages received through Illinois school laws.

The selected subject, Make-up and Its Application, was very well presented by Mrs. Rex Henley. Roll call was responded to with shopping weaknesses by 17 members and one guest, Mrs. Edward J. Morthole, Jr.

During the business session announcements were made as follows: Tea from 2 to 3 Nov. 19 sponsored by 4H county committee, location yet to be announced. All board members, retired and presiding are urged to attend. The next unit meeting will be the December meeting at 12:30 p.m. Dec. 5 at the home of Mrs. Howard Stevenson. A potluck luncheon will be enjoyed. Mrs. H. B. McNeely, Mrs. R. J. Alkire and Mrs. Harold Hamel will be the assistant hostesses.

The major lesson at the December meeting will be presented by Mrs. Lloyd Bieber and Miss Rose Ranson on Paints, Walls and Woodwork. Mrs. Homer Potter will be in charge of the Christmas party, gift exchange and Christmas music. All members are asked to take to the party a Christmas display article of some type. Tables will be available for an appropriate display of table, mantle and home decorations, dress accessories for the holidays and other novel items.

Roll call will be answered with the best Christmas one remembers as a child. Refreshments were served at the close of the meeting.

More School Children Write Of American Educational Advantages

(Schools of District 117, including Jacksonville, South Jacksonville, Woodson and Murrayville, are observing American Education Week (Nov. 6-12) with special activities. These representative articles on the subject, "Schools—Your Investment In America," were selected by a committee of teachers.)

WHY I LIKE SCHOOL

I like school because I like to learn about the different people, birds, animals, and different things in the world. I like to learn about the people of different countries and their ways of living.

School is important to the children of today. They need to learn about their friends in other countries. School is not difficult at all. If you study and think on what you are doing it is easy to learn. Some children think that it is too difficult and don't want to study.

School is helpful to your body because when you play ball, run, jump, and play with other children, it builds the muscles in your body and helps you.

I like school and I like to study. I like all my friends in school.

SCHOOLS—YOUR INVESTMENT IN AMERICA

Our schools are one of the most important investments in our country. Millions of tax dollars are spent on schools each year. Is this money wasted? Undoubtedly not. To be a strong nation we must have good schools to educate future citizens.

Today's education is important to you and to our nation.

SCHOOLS: YOUR INVESTMENT IN AMERICA

To me, one of the greatest investments we have is in our teachers. They help us to learn most of the things which we will use the rest of our lives. Teachers are just ordinary people like Mother or Father who are at the schools to help us

learn all the different things we need to know. Going to school is one of the most important things we will do in our life and therefore our teachers guide us through this most important period. We will use what they teach us all the rest of our lives and so you can see our teachers are one of our greatest investments.

SCHOOLS: YOUR INVESTMENT IN AMERICA

What does investment mean? Investment means to put money or time to use, by purchase or expenditure in something offering profitable returns.

Why do we invest in schools? We invest in schools because without them there would be little learning, our standards of living would fall and we would not be a strong nation.

Jerry Belinson
David Prince

WHY I THINK SCHOOLS ARE IMPORTANT

One reason why I think schools are important is that you get a free education. If all the schools were private and if you had to pay to go, many boys and girls would not be able to go to school. The better educated a person is the better job he or she can get. The information we get in arithmetic, we will use all our lives. Many boys and girls who took science in school are now making good money as scientists. Shop-work helps some boys who want to be carpenters when they grow up. This is why I think schools are important.

Jerry Lewis
David Prince

SCHOOLS: YOUR INVESTMENT IN AMERICA

Where does your school tax money go? Yes, it goes to the future citizens of America. Tomorrow's presidents are today's school boys. Tomorrow's nurses and secretaries are today's school girls. What are they

learning? They're learning why they should be good citizens of tomorrow. And how the country was formed and their responsibility to keep it. They're learning how to use atoms for peaceful means and not war. They're learning when to spend money and when to keep it. They're also learning how to keep in contact with the outside world by reading newspapers, books and listening to the radio. Yes, that's where your tax money goes.

Becky Bealmear
Murrayville

SCHOOLS: YOUR INVESTMENT IN AMERICA

Today's students will become tomorrow's citizens. The money which you, the people, invest in your schools will help to make these students better and wiser people.

Whether or not tomorrow's citizens will be able to carry forward today's activities, depends largely upon their education today. You can feel sure that your investment will pay off.

Nancy Boyle

WHY I THINK SCHOOLS ARE IMPORTANT

Schools help to build a stronger nation because they teach the people the meaning of democracy, and how to be good citizens.

Schools teach people how to read, write and do arithmetic. Today you have to have a high school

diploma to get a good job in most places.

Schools do a lot to build good sportsmanship means, and how to get along with other people. Schools teach honesty and respect for other people's rights.

A person can make a better living and earn more money if he has an education.

THE SCHOOL, A STOREHOUSE OF KNOWLEDGE

"Why must I go to school?" This is a question of many school students. If these students would take a few minutes to consider their question, they would find this simple answer. "I must go to school so I can be ready to meet my future. By going to school, I can learn to read and to write. Also, I can learn to work math, problems, spell, and learn the history and geography of our world. These things will help me to live. To have a career, I will need a good education. To have this education, I will have to go to school. College will increase my knowledge. This is why I must go to school. The school is my storehouse of knowledge."

Karen Strang
Murrayville

WHY SCHOOLS ARE IMPORTANT

Schools are a good investment for the future of America. People are constantly seeking to develop finer schools, which in turn will develop finer citizens. Our entire future depends on the learning of students today. In schools we are taught the ways of living of all types of people in order that we might understand them better. In

schools we also learn English, arithmetic, science and social studies. We learn good sportsmanship and respect for others. Schools are a great opportunity which should be taken advantage of.

Mary Beth Hayes
David Prince
Section 5 Grade 8

SCHOOLS: YOUR INVESTMENT IN AMERICA

Schools teach and try to develop character, and to promote health. They also give guidance, which is an important part of all education. Schools are institutions setup for the purpose of teaching. Teaching is the primary duty of the school. But teaching is useful only if it gives the guidance that leads to wisdom. Greater wisdom can come only from broader and deeper understanding.

Therefore, we must have more good teachers and class rooms to pupils of our schools.

SCHOOLS—YOUR INVESTMENT IN AMERICA

As I see it, education is the most important thing there is. It enables us to get more enjoyment out of life. There is so much greater opportunity for a well educated person.

It is true schools cost a great deal of money, but it is worth it. Truly the future of America depends a great deal on the investment.

SCHOOLS: YOUR INVESTMENT IN AMERICA

The schools of America are your investment like your money in the bank.

Just as you get more money back at the bank you get a citizen from your schools. And who, knows, it might be a doctor, lawyer, or president of the United States.

Your child may come home from school and say, "Mother, there's a P.T.A. meeting tonight. They are going to talk about the many crowded schools and the need for good teachers."

Don't say "I can't come I have more important things to do." What could be more important than the education of your child?

IT PAYS TO ADVERTISE
TEACHERS FLUNK
CHARLESTON, W. Va. (P)—Five sheepish school teachers were among more than 40 motorists arrested in a single day here in a police crackdown on speeding in school zones.

Police Judge James McWhorter let the teachers off with three months probation but warned them: "The next time, the lesson will be different."
